Project Overview

A. Project Description

The purpose of this Request for Qualifications (RFQ) is to obtain Professional Architectural/Engineering (A/E) services for a new sally port for the London Correctional Institution (LoCI). The London Correctional Institution (LoCI) is a 2,950 acre campus housing Level 1, 2 and 3 inmates within a double fenced zone.

The project consists of construction of a new sally port and associated utilities and structures and demolition of the existing sally port with its associated utilities and structures. The new sally port will consist of approximately 800 feet of fence with razor wire, with two drive through gates and two walk through gates, located at the south west corner of the facility. The new sally port will include an inmate shakedown building as well as a guard office under one roof. The building will include HVAC systems. In addition there will be cameras, microwave, fence alarms, and new concrete and or asphalt pavement. The project will also include a new access road both coming in and out of the sally port.

The development of a complete Program of Requirements (POR) will also be included as part of the Professional Design Services as an Additional Service. The development of the POR will include a comprehensive survey/field investigation of the existing building in order to evaluate the building condition in relation to the project scope described above, and in relation to the project budget. The project scope will then be evaluated, prioritized, and defined/redefined to align with available project funds. Evaluation of the project construction schedule will also be a part of the POR stage.

State of Ohio, Capital Improvements Funding will be used to complete the Design and Construction of this project.

All aspects of the project and related issues will be implemented and operated consistently with Department of Rehabilitation and Corrections (DRC) policies and procedures.

B. Scope of Services

Upon award of the Agreement, commence by developing the Program of Requirements.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

Request for Qualifications (Architect / Engineer) continued

- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the e-mail subject line.

Statements of Qualifications are to be submitted electronically by e-mail. Submittals are to be limited to a maximum of one e-mail with the total file size of 25 MB.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
