

# Electronic Bidding: the Right Way and the Wrong Way (I'm NOT kidding!)

**Lane Beougher and Christina Miller**

# Course Description

- This session will discuss the current status of the State of Ohio's transition from paper bids submitted in sealed envelopes to an electronic bidding application. Lessons learned after two years of using the process will also be addressed, including common mistakes by owners, architects, and bidders.

# Learning Objectives

- Examine best practices in creating electronic bid forms for public construction projects in Ohio and what information is needed and when.
- Describe key features of the State's bid form templates and select which template version to use.

# Learning Objectives

- Discuss the process used by bidders in registering, creating a Digital ID, and submitting their bid using electronic bid forms.
- Explain the process used by the owner and architect/engineer in conducting bid openings, as well as harvesting documents for analysis and review of responsive bids and responsible bidders.

# Electronic Bidding in Ohio

- Authorized by ORC 153.08 & OAC 153:1-8 in 2011 (part of Construction Reform law)
- Info Tech's Bid Express application was selected through a competitive RFP process in Fall 2012
- Required on OFCC projects after July 1, 2013

# Electronic Bidding in Ohio

- As of June 30, 2015\*, OFCC has:
  - conducted 177 eBid events
  - received 827 eBids
  - registered 1,392 plan holders
  - distributed 9,932 eBid documents
  - received “valid” eBids for \$403,106,579.16  
(Base Bids only – not including Alternates)
  - received eBids 9.90 percent less than estimates

\*End of the State’s Fiscal year

# Electronic Bidding in Ohio

- Now being used by:
  - Department of Transportation (materials)
  - Turnpike and Infrastructure Commission
  - **Facilities Construction Commission**
  - Department of Natural Resources
  - The Ohio State University (coming soon)
  - Youngstown State University (goods & services)
  - Columbus State Community College

# A few useful definitions

- **Allowance:** A sum stipulated in the Contract Documents for a *defined scope of the Work that may not be completely defined* at the time of bidding.

*(Document 00 71 00 – Contracting Definitions)*

- Tip: We permit use of cash allowances only, which are *fixed amounts* presented to Bidders on the Bid Form that they are required to include in their Base Bid for a bid package.

# A few useful definitions

- **Cash Allowance:** A monetary sum that the bidder includes as part of the contract sum to account for certain items to be determined at a later time.
- **Quantity Allowance:** A specified quantity of a product or assembly that the bidder includes in the scope of the work even though the location of the product is not defined on the drawings or in the specifications.

*(The CSI Project Delivery Practice Guide)*

# A few useful definitions

- **Unit Price:** The *cost of providing a unit of Work* including labor, materials, services, and associated expenses.

*(Document 00 71 00 – Contracting Definitions)*

- Tip: Unit Prices must present an estimated quantity to the Bidders so they may obtain pricing appropriate for the anticipated volume.
- DO NOT use a quantity of one.
- ***I'm not kidding!***

# A few useful definitions

- **Base Bid:** The amount stated in a Bid as the sum for which the Bidder offers to perform the Work in a particular trade or other category, which is described in the Contract Documents, *excluding Alternates*.
- **Alternate:** A change in the proposed Project scope, which may include but is not limited to alternate materials or methods of construction, and an amount stated on the Bid form to be *added to* or *deducted from* the Base Bid if the corresponding Alternate is incorporated into the Contract.

*(Document 00 71 00 – Contracting Definitions)*

Section: Instructions for Entering Bid Amounts (G) Optional  Alternate  Save

### Allowances

Allowance amounts are fixed and no entry of data is required by the Bidder. INCLUDE EACH AND EVERY ALLOWANCE AMOUNT IN THE BASE BID. The Bidder's Fee (overhead and profit) and costs for unloading and handling on the Site, labor, installation costs, and other expenses contemplated for the Allowances must be included in the Base Bid and NOT in the Allowance amount.

### Unit Prices

Enter the price per unit of measure in the Bid Form and the extension will be calculated automatically. INCLUDE THE EXTENSION FOR EACH AND EVERY UNIT PRICE IN THE BASE BID. Unit prices will be used solely for the purpose of determining the adjustment to the Contract Sum for differences between the estimated quantities on the electronic Bid Form and the actual quantities provided.

Delete 

### Base Bid

Enter the amount of the Base Bid for ALL LABOR AND MATERIALS to complete the scope of Work. INCLUDE THE AMOUNT OF EACH ALLOWANCE (if applicable) AND THE SUBTOTAL OF UNIT PRICE EXTENSIONS (if applicable) IN THE BASE BID AMOUNT. FAILURE TO INCLUDE ALLOWANCES OR UNIT PRICE EXTENSIONS IN THE BASE BID IS THE RESPONSIBILITY OF THE BIDDER AND WILL NOT BE SUFFICIENT REASON FOR ADJUSTMENT OF BID AMOUNTS AFTER THE BID DEADLINE. DO NOT include Alternates (if applicable) in the Base Bid amount.

### Alternates

For each Bid Package selected for bidding, enter the amount of each and every Alternate to ADD TO or DEDUCT FROM the Base Bid for the associated Bid Package. Indicate amounts to DEDUCT FROM the Base Bid by entering a minus sign (-) before the amount entered. DO NOT INCLUDE ALTERNATE AMOUNT(S) IN THE BASE BID.
