### Project Overview

#### A. Project Description

The purpose of this Request for Qualifications (RFQ) is to obtain Professional Architectural/Engineering (A/E) services for the design of a renovation of the plumbing and fixtures in Death Row at the Chillicothe Correctional Institution (CCI), located at 15802 State Route 104 North in Chillicothe, OH. Chillicothe Correctional Institution (CCI) was constructed in 1920 and has four floors. The area of all the Death Row Wings is roughly 100,000 SF.

The project will be replacing all plumbing supply and drain lines to all death row cells. Some main lines within the crawl spaces may have to be replaced. The project will also provide new stainless steel plumbing fixtures, including all necessary power requirements. Presently hot water is not provided to individual cells, however is available in the crawl spaces. This project will provide hot and cold water to each cell through new plumbing supply lines.

The development of a complete Program of Requirements (POR) will also be included as part of the Professional Design Services as an Additional Service. The development of the POR will include a comprehensive survey/field investigation of the existing space in order to evaluate the building condition in relation to the project scope described above, and in relation to the project budget. The project scope will then be evaluated, prioritized, and defined/redefined to align with available project funds. Evaluation of the project construction schedule will also be a part of the POR stage.

State of Ohio, Capital Improvements Funding will be used to complete the Design and Construction of this project.

All aspects of the project and related issues will be implemented and operated consistently with Department of Rehabilitation and Corrections policies and procedures.

#### B. Scope of Services

For projects advertised with an appropriately developed Program of Requirements (POR), upon award of the Agreement, commence with Design. For projects without such a POR, upon award of the Agreement, commence by developing the Program of Requirements.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

## Request for Qualifications (Architect / Engineer) continued

---

- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

### H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the e-mail subject line.

**Statements of Qualifications are to be submitted electronically by e-mail. Submittals are to be limited to a maximum of one e-mail with the total file size of 25 MB.**

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
