

Request for Qualifications (CM at Risk Contract)

State of Ohio Standard Forms and Documents

Administration of Project: Local Higher Education

Project Name	<u>Rike Hall Coffee Service Addition</u>	Response Deadline	<u>April 18, 2014</u>	<u>5:00pm</u>	local time
Project Location	<u>Wright State University</u>	Project Number	<u>WSU-140040</u>		
City / County	<u>Dayton / Greene</u>	Project Manager	<u>Chris Haring</u>		
Owner	<u>Wright State University</u>	Contracting Authority	<u>Local Higher Education</u>		
Delivery Method	<u>CM at Risk</u>	Prevailing Wages	<u>State</u>		
No. of paper copies requested (stapled, not bound)	<u>3</u>	No. of electronic copies requested on CD (PDF)	<u>1</u>		

Submit the requested number of Statements of Qualifications (Form F110-330) directly to Chris Haring at Wright State University, 382 University Hall, 3640 Colonel Glenn Highway, Dayton OH 45435-0001. See Section G of this RFQ for additional submittal instructions.

Submit all questions regarding this RFQ in writing to Chris Haring at christopher.haring@wright.edu with the project number included in the subject line (no phone calls please). Questions will be answered and posted to Opportunities page on the OFCC website at <http://ofcc.ohio.gov> on a regular basis until one week before the response deadline. The name of the party submitting a question will not be included on the Q&A document.

Project Overview

A. Project Description

The Raj Sooin College of Business has expressed a desire to open a student run enterprise consisting of a coffee bar addition. This would be accomplished by expansion of the Rike Hall(RH) lounge (140 RH) adjacent to RSCOB Trading room (167 RH). The solution will require a 1000 SF expansion, as well as a reconfiguration of the lounge area for optimal use to provide a design solution that compliments the RSCOB Trading Room and Rike Hall main entry. The Rike Hall Coffee Bar addition needs include:

- 1000 sf expansion of building envelope adjacent to the 140 RH lounge to integrate lounge and coffee bar enterprise
- 300 sf for Coffee Bar whitebox service fit out in expansion per vendor operations space request.
- Exterior elevations of addition to reflect existing design aesthetic of Rike Hall façade
- Reconfigure layout of existing lounge furnishings to adequately service new coffee bar and 140 RH lounge
- Landscaping, paving and site finishes
- Building foundations and structural framework
- Exterior building envelope: walls, roof, windows, & doors
- Partition walls and doors
- Floor, wall & ceiling finishes
- Modify existing sprinkler system
- Plumbing systems as required for new equipment, including new RO water filtration system
- New VAV box for existing study area and new addition.
- New air devices for new addition and existing study area
- New hot water finned tube at new exterior windows.
- Electrical power and lighting to serve renovated areas only
- Data / telecommunications raceway only to serve renovated areas only
- Kitchen equipment, including plumbing fixture for new coffee bar (selected & specified by vendor, coordination by A/E)
- Visible finishes in coffee bar will be coordinated with vendor including back wall finish, floor finish, front of cabinets finish, counter material, specialty lighting, signage, etc.

For this project, the Owner will be requesting a Competitive GMP Proposal at the time of Request for Proposal as part of the Best Value selection process. The Design Development documents will be given to the short listed teams to prepare for the interviews.

Professional design services are being acquired by the Contracting Authority under a separate contract.

All aspects of the project and related issues will be implemented and operated consistent with the Contracting Authority and/or Owner's policies and procedures.

Request for Qualifications (CM at Risk Contract) continued

B. Scope of Services

The selected Construction Manager at Risk (CMR), as a portion of its required Scope of Services and prior to submitting its proposal, will discuss and clarify with the Contracting Authority and/or Owner, the breakdown of the Agreement detailed cost components, to address the Owner's project requirements and refine the project schedule.

As required by the Agreement, and as properly authorized, provide the following categories of services: provide constructability review comments on documents produced by the A/E during the Schematic Design, Design Development, and Construction Document stages; develop and maintain estimates of probable construction cost, value engineering, project schedules, and construction schedules; lead and manage the Subcontractor Prequalification and Bidding process, Construction and Closeout Stage.

Refer to the *OFC Manual* and/or the *Ohio School Design Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

The preconstruction and construction services are generally described below. Subcontracts including but not limited to Plumbing, Fire Protection, HVAC, Electrical and AV/Technology will be awarded by the CM to prequalified vendors using a competitive process. The parties will engage in an "open book" pricing method in which all subcontracted work shall be based upon competitive pricing that will be reviewed by the Contracting Authority and/or Owner, the A/E and the CM. The Contracting Authority and/or Owner shall have access to all books, records, documents and other data in the CM's possession related to itself, its subcontractors and material suppliers pertaining to bidding, pricing or performance of the Agreement.

Preconstruction Services: The CM will work cooperatively with the Contracting Authority and/or Owner, A/E and Project Team, and will provide, among other services, cost estimating, budgeting, value engineering, constructability review, scheduling and preconstruction planning throughout the preconstruction stages. When the drawings and specifications are at a stage of completion specified in the Agreement, such partially completed documents (the "Basis Documents") shall be provided to the CM, together with the A/E's detailed listing of any material incomplete design elements and the A/E's statement of intended scope with respect to such incomplete elements (the "Design Intent Statement"). The CM shall submit to the Contracting Authority and/or Owner and the A/E their proposed Guaranteed Maximum Price (the "Contract Sum") and its qualifications and assumptions based upon the Basis Documents and the Design Intent Statement. **The GMP Package shall be based upon 100% complete Design Development (DD) Drawings.** The CM, the Contracting Authority and/or Owner and the A/E (along with selected engineers and consultants) shall meet to reconcile any questions, discrepancies or disagreements relating to the qualifications and assumptions, the Basis Documents or the Design Intent Statement. The reconciliation shall be documented by an addendum to the qualifications and assumptions that shall be approved in writing by the Contracting Authority and/or Owner, the A/E and the CM. The CM shall then submit to the Contracting Authority, for approval, the CM's proposed final Contract Sum based upon the Basis Documents, the approved qualifications and assumptions and the Design Intent Statement. Contingent upon the Contracting Authority's approval of the final Contract Sum, the parties will enter into an amendment to the Agreement establishing the Contract Sum ("GMP Amendment"). The final negotiated Contract Sum shall not exceed the Project Budget established for construction. If the proposed Contract Sum exceeds such budget, then the Contracting Authority may terminate the agreement with the CM and seek from other firms, proposals for completion of the Project.

Construction Services: The CM shall construct the Project pursuant to the construction documents and in accordance with the schedule requirements. The CM shall hold all subcontracts and shall be fully responsible for the means and methods of construction, project safety, project completion within the schedule agreed upon in the preconstruction phase, compliance with all applicable laws and regulations including monitoring compliance with all EDGE, equal employment, and prevailing wage requirements, and submitting monthly reports of these activities to the Contracting Authority. All subcontracts shall be on the subcontract form prescribed by OAC Section 153:1-03-02. The Contracting Authority reserves the right to approve the CM's selection of subcontractors and any supplemental terms to the form subcontract.

The selected Construction Manager will provide the following categories of services: constructability review comments on documents produced by the Architect/Engineer during Construction Documents, develop and maintain estimates of probable construction cost, value engineering, project schedules and construction schedules; coordinate with the Architect/Engineer to develop Bid Package; lead and manage the Subcontract Prequalification and Bidding process, Construction, and Closeout Stage.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Retail Coffee Service /Lounge Projects
2. Small scale additions to occupied Academic Buildings

Request for Qualifications (CM at Risk Contract) continued

C. Funding / Estimated Budget

Total Project Cost	<u>\$598,000</u>
Construction Cost	<u>\$300,000</u>
State Funding	<u>\$0</u>
Other Funding	<u>\$598,000</u>

D. Anticipated Schedule

CM Services Start (mm/yy)	<u>05 / 14</u>
GMP Approval (mm/yy)	<u>06 / 14</u>
Construction Stage Start (mm/yy)	<u>06 / 14</u>
Construction Stage Completed (mm/yy)	<u>12 / 14</u>
CM Services Completed (mm/yy)	<u>01 / 15</u>

E. EDGE Participation Goal

Percent of Total Construction Contracts Awarded	<u>5%</u>	Percent of <i>initial</i> TOTAL CM Fee	<u>5.0%</u>
---	-----------	--	-------------

F. Evaluation Criteria for Selection

Selection Criteria:

The CM will be selected using (i) a qualification based selection process during the initial Request for Qualifications (RFQ) stage to develop a short list and (ii) a best value selection process during the final Request for Proposal stage for the final CM selection. The qualifications-based selection criteria for the RFQ is included in this announcement. The best value criteria used in evaluating proposals from the short listed firms will include such factors that are determined to derive or offer the greatest value to the State and the Owner, combining both qualifications and fee.

Short List:

Each firm responding to this RFQ will be evaluated and selected based on its qualifications and the qualifications and experience of the particular individuals identified as the candidate's proposed team for the Project. After evaluating the responses to this RFQ, the Contracting Authority will select a short list of no fewer than three candidates that it considers to be the most qualified, except if the Contracting Authority determines that fewer than three firms are qualified, it will only select the qualified firms.

Request for Proposal:

The short-listed firms shall be sent a Request for Proposal (RFP) that will invite the firms to submit pricing proposals containing their proposed preconstruction stage compensation fee, construction stage personnel costs, construction stage itemized general conditions cost percentage, construction stage contingency percentage and construction stage fee percentage. The short-listed candidates will also receive (i) a form of the Agreement with the Contracting Authority containing the contract terms and conditions, (ii) a set of the most recent design documents and (iii) a proposed Project schedule.

Pre-Proposal Meeting:

Prior to submitting a response to the RFP, the short-listed firms will be invited to meet individually with the Contracting Authority and/or Owner. The purpose of the pre-proposal meeting is to permit the short-listed firms an opportunity to ask the Contracting Authority and/or Owner questions in an individual setting to help the firms prepare their responses to the RFP. The Contracting Authority will notify each short-listed firm to schedule individual times for the pre-proposal meetings.

Interview:

After submitting responses to the RFP, the short-listed firms will be interviewed by the Contracting Authority and representatives of the Owner. The purpose of the interview will be to meet the proposed Project team, become familiar with key personnel, and understand the project approach and ability to meet the stated objectives for the Project. Please be prepared to discuss with specificity the firm's capacity to conduct this work in compliance with the timetable, budget and EDGE expectations. The Contracting Authority will notify each short-listed firm to schedule individual times for the interviews.

Selection Schedule:

Tentative schedule is subject to change.

RFQ Posted and Advertised	March 14, 2014
Qualifications Due	April 18, 2014
RFP issued to the Short-Listed Firms	May 6, 2014
Interviews	May 16 & 22, 2014
RFP Due	May 27, 2014
Selection of CM	June 3, 2014

Request for Qualifications (CM at Risk Contract) continued

Cancellation and Rejection:

The Contracting Authority reserves the right to reject all proposals and cancel at any time for any reason this solicitation, any portion of this solicitation or any phase of the Project. The Contracting Authority shall have no liability to any proposer arising out of such cancellation or rejection. The Contracting Authority reserves the right to waive minor variations in the selection process.

Interested CM firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the CM's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the CM's Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

G. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Paper copies of the Statement of Qualifications, if requested, should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Facsimile or e-mailed copies of the Statement of Qualifications will not be accepted.

Unless otherwise noted or exempt, all documents submitted to the Contracting Authority in response to this RFQ or RFP are public and will be available for inspection at the conclusion of the selection process. The following information shall remain confidential and will not be released: (1) Proposal Form(s), except for cost category subtotals which will be transferred to the Best Value Rating Form; (2) Financial Capacity; and (3) Bonding/Insurance.

Proposers are requested to submit the following information in response to this RFQ within Section H of Form F110-330.

1. Summary: Provide a summary, on one page or less, describing why your firm/team is the most qualified for the Project.
2. Bonding/Insurance: Provide evidence of capacity to provide bonding in the amount of the project budget and a copy of the firm's certificate of insurance showing the firm's current limits of liability for commercial general liability, employer's liability, business automobile liability and professional liability.
3. Management Systems: Describe the scheduling and cost control systems the firm would propose to use for the Project
4. Self-Performed Work: Indicate whether the firm intends to self-perform any work on the Project through a competitive process and, if so, the nature of the work and capability to self-perform.
5. Estimating: Demonstrated track record of performance of in-house estimating on projects comparable to the Project.
6. Scheduling: Demonstrated track record of performance of managing projects to the original schedule.

Request for Qualifications (CM at Risk Contract) continued

Firms are requested to identify professional registrations, memberships and credentials including but not limited to: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, DBIA, CPE, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.

LEED Credentials: Leadership in Energy & Environmental Design (Green Building Certification Institute)

GA: Green Associate

AP: LEED AP (Legacy LEED Accredited Professional without specialty)

AP +: (see below):

LEED AP BD+C (Building Design and Construction specialty)

LEED AP ID+C (Interior Design and Construction specialty)

LEED AP O+M (Operations and Maintenance specialty)

LEED AP ND (Neighborhood Development specialty)

LEED AP Homes (Specialty for residential LEED construction)

Other Industry Credentials

ACEC: American Council of Engineering Companies

AIA or FAIA: American Institute of Architects

CCCA: Certified Construction Contract Administrator (CSI)

CCM: Certified Construction Manager (CMAA)

CCS: Certified Construction Specifier (CSI)

CDT: Construction Document Technologist (CSI)

CMAA: Construction Management Association of America

CPE: Certified Professional Estimator (American Society of Professional Estimators)

CSI or FCSI: Construction Specifications Institute

DBIA or Associate DBIA: Design-Build Institute of America (list credentials, not memberships)

NCARB: National Council of Architectural Registration

Boards (list certification only)

NCIDQ: National Council for Interior Design Qualification

NSPE: National Society of Professional Engineers

CM at Risk Selection Rating Form

State of Ohio Standard Forms and Documents

Project Name Rike Hall Coffee Service Addition Proposer Firm _____
 Project Number WSU-140040 City, State, Zip _____

Selection Criteria		Value	Score
1. Primary Firm Location and Workload (Maximum 10 points)			
a. Proximity of firm to project site	Less than 100 miles	5	
	50 miles to 100 miles	2	
	More than 100 miles	0	
b. Amount of contracts awarded by Contracting Authority in previous 24 months	Less than \$1,000,000	5	
	\$1,000,000 to \$2,000,000	2	
	More than \$2,000,000	0	
2. Primary Qualifications (Maximum 40 points)			
a. Project management lead	Experience / ability of project manager to manage scope / budget / schedule / quality	0 - 10	Max = 30
b. Project administration lead	Experience / ability to effectively administer project controls and processes	0 - 10	
c. Technical staff	Experience / ability of technical staff to develop accurate estimates and schedules	0 - 10	
d. Construction administration staff	Experience / ability of field representative to identify and solve issues during construction	0 - 10	
3. Key Consultant Qualifications (Maximum 10 points)			
a. Key consultants	Experience / ability of key consultants to perform effectively and collaboratively	0 - 5	
b. Proposed EDGE-certified Consultant participation*	One additional point for every 2 percent increase in professional services over the advertised EDGE participation goal	0 - 5	
4. Overall Team Qualifications (Maximum 10 points)			
a. Previous team collaboration	Less than 2 sample projects	1	Max = 3
	2 to 4 sample projects	2	
	More than 4 sample projects	3	
b. LEED** Registered / Certified project experience	Registered projects	1	Max = 2
	Certified projects	2	
c. BIM project experience	Training and knowledge	1	Max = 3
	Direct project experience	3	
d. Team organization	Clarity of responsibility / communication demonstrated by table of organization	0 - 2	
5. Overall Team Experience (Maximum 30 points)			
a. Previous team performance	Past performance as indicated by evaluations and letters of reference	0 - 10	
b. Experience with similar projects / delivery methods	Less than 3 projects	0 - 3	
	3 to 6 projects	4 - 6	
	More than 6 projects	7 - 10	
c. Budget and schedule management	Performance in completing projects within original construction budget and schedule	0 - 5	
d. Knowledge of Ohio Capital Improvements process	Less than 3 projects	0 - 1	
	3 to 6 projects	2 - 3	
	More than 6 projects	4 - 5	
* Must be comprised of consulting firm(s) and NOT the primary firm ** Leadership in Energy & Environmental Design administered by the Green Building Certification Institute		Subtotal
