

RFQ Question and Answer List

State of Ohio Standard Forms and Documents

Project Name New West Muskingum Elementary School Project Number _____

Project Location Zanesville / Muskingum

Date posted: August 9, 2013

Date revised: August 19, 2013

Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. If the school district is interested in architectural visioning, will the OFCC engage one of their educational planners as a project co-funded expense at the beginning of the project?
 - A. OFCC is currently in the process of hiring Educational Planners who may be available to provide services such as "Educational Visioning" to assist school districts with state funded school projects. However, the timing of their availability is not yet known at this time
2. We are submitting our qualifications for the New West Muskingum Elementary School and noticed that the OFCC has updated this form (v0813). Is it acceptable to submit our qualifications on v011?
 - A. The main change to the SOQ form in August was the contract amounts in Part II. This is the last page and we increased the thresholds to accommodate CM at Risk and Design-Build Services. We wouldn't reject a submission on an older form, but if a firm could use the new Part II, it might keep things consistent.
