The renovation project is located in Adena Hall located at OSU/Newark and Central Ohio Technical College (COTC) campus and will allow for the expansion of the recreation/fitness spaces, currently in the existing building footprint of 47,781 GSF, to support new residential life planning adjacent to this site. The scope of the project will renovate approximately 9,000 GSF of vacated maintenance operations space into a health & wellness area and expanded fitness area; install fire suppression throughout the building; replace existing windows with new energy efficient units; upgrade the interior finishes; upgrade the building entry; install an emergency generator to support life-safety, emergency lighting & circulation pumps; relight the gymnasium; replace existing roof; upgrade fire alarm system; and gymnasium bleacher replacement.

A copy of the Newark Campus Framework plan can be located at [http://newark.osu.edu/facultystaff/campusdepartments/physicalfacilities/Documents/Newark\\_Campus\\_Framework\\_Plan\\_June\\_2012\\_Final.pdf](http://newark.osu.edu/facultystaff/campusdepartments/physicalfacilities/Documents/Newark_Campus_Framework_Plan_June_2012_Final.pdf)

The Architect/Engineer (A/E) will prepare the Program of Requirements (POR) as an Additional Service. A recreation/fitness consultant may be added and selected in collaboration with the university.

#### B. Scope of Services

The Newark Campus Framework Plan will provide guiding campus planning and design principals. The project is expected to be recognized for its quality of design, energy and functional efficiencies, and flexibility for future use. It is expected to be designed to advance the physical elements of the Framework Plan and contribute to the civic realm of the campus. The team will be expected to interface with the University Architect, University Landscape Architect, University Engineer, and governing Boards for Ohio State University Newark and Central Ohio Technical College.

The development of the space program will be a collaborative process guided by the Regional Campus Cluster Strategic Plan, Newark campus Implementation Plan located at <http://oaa.osu.edu/college-strategic-plans.html>; COTC Strategic Plan <http://www.cotc.edu/faculty-and-staff/institutionalresearch/Documents/SecuringtheFuture2008.pdf>. The A/E's key customer will be the University and will be asked by the University to work with the facility occupants to develop a program based on prioritized university space needs that will:

- 1) Optimize shared interdepartmental space and adjacencies including collaborative teaching opportunities
- 2) Maximize sustainable practices
- 3) Create a flexible design
- 4) Provide efficient space utilization

Upon award of the agreement, the A/E will commence by developing the Program of Requirements in parallel with the conceptual design and will update the POR at the completion of each of the design phases.
