Project Overview

A. Project Description

The 300 W. Tenth Avenue building will house the inpatient component of the "Brain & Spine Hospital". The total area for the project is 59,100 square feet on floors 1, 8, 9 and 10. The three upper floors will have a total of 90 private beds to include an Epilepsy Monitoring unit, progressive care beds, Neuro "Safe" unit and the acute rehabilitation clinically necessary to support the "Brain & Spine Hospital". Upgrades include major renovation to meet ADA toilet room requirements (10% minimum) on the patient floors. Lobby modifications on the 1st floor required for the program's image and branding. Provide modifications for the patient floors to support a family welcome and waiting zone and finish upgrades in the public corridors. Paint, patch and repair of the private beds and support areas. Exterior signage for program identity is part of the upgrades to the building as we transform the building into a Brain & Spine Hospital. All OSU approvals for exterior signage including requirements by the City of Columbus must be obtained by the architect of record.

The site is bounded by Neil Avenue to the east, 10th Street to the south, Cannon Drive to the west and 12th Street to the north.

B. Scope of Services

Selected AE team must demonstrate their ability to work effectively with senior leaders, physicians, and staff. They must also be able to demonstrate their ability to meet the Owner's vision in programming/branding and to establish scopes in line with budgets and schedules. Past performance and collaboration of prospective team members including -consultants will be evaluated. Individuals proposed to work on the project must have relevant medical center planning, programming and design experience.

A strong emphasis on design is desired as it relates to the lobby portions of this project. Engineering consultants are expected to bring creative and technical expertise to the team, and demonstrate their grasp of best practices, trends, and sustainability. Individual team members must also be skilled in presenting information to diverse groups and documenting all project information. Project documentation utilizing Microsoft Office and Revit software programs is preferred. Demonstrated experience in estimating and scheduling complex renovation projects is required. AE and consultants must be able to begin the work immediately.

A space need analysis has been prepared as a guideline. The Architect and Engineering team (AE) will validate the space needs and develop a complete program. The program will be updated at the end of each design phase.

The selected Architect/Engineer (A/E), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner/Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement. Required Professional Liability Insurance will be per Exhibit A – A/E Terms and Conditions Article 7.2.6.

G. Evaluation Criteria for Selection

- Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.
- Previous experience compatible with the proposed project (e.g., type, size).
- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Design quality and demonstrated ability of prospective firm and its proposed consultants to provide design services which represent the University's *Design Values for Campus Development* fod.osu.edu/proj_del/ref/0200_Design_Values.pdf
- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.

Interested A/E firms are required to submit the **Commitment to Participate in the EDGE Business Assistance Program** form in its Statement of Qualifications (Form F110-330) Section H. Additional Information submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>.

The **EDGE Participation Statement of Intent to Contract and Perform** from Section H. Additional Information must also be submitted. Please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Paper copies of the Statement of Qualifications, if requested, should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Facsimile or e-mailed copies of the Statement of Qualifications will not be accepted.

Firms are requested to identify professional registrations, memberships and credentials including but not limited to: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, DBIA, CPE, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
