### Project Overview

#### A. Project Description

Northwest State Community College is seeking qualifications for a renovation and addition to "C" building on its main campus. This project will allow the combination of student services departments into one building to better serve its students.

Work includes but not limited to: 1) Building code upgrade including ADA and Fire protection/Alarm systems. 2) Relocation of fitness center and locker room and restrooms. 3) Office renovations and re-location of offices. 4) Construction of new two story addition to house the University Center and conference rooms approximately 1500 sq.ft. total. 5) Mechanical, Electrical and Plumbing upgrades as determined. 6) Exterior window replacement.

#### B. Scope of Services

A Program of Requirements (POR) will be developed by the selected Architect/Engineer (A/E) upon award of the agreement. The A/E will the immediately commence with field work and design.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the owner, the cost breakdown of the A/E agreement and detailed cost components to address the Owners project requirements. The A/E will also participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement. For projects advertised with an appropriately developed Program of Requirements (POR), upon award of the Agreement, commence with Design.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *OFC Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

During the construction period, provide not less than 6 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.
