Project Overview

A. Project Description

Miami University ("Owner" and "Contracting Authority") embraces its reputation as one of the nation's most picturesque campuses and strives to ensure a physical environment for learning that continues the tradition of distinction in academics and its physical setting. Currently at a schematic design level, the Project will include the structural stabilization and restoration of the longest stone bridge on the Western Campus. When completed this bridge will serve as a major pedestrian circulation route through Western Campus linking to the greater Campus. This historically significant bridge is an approximately 239' long pedestrian bridge constructed in stone that will be restored to stabilize the structure, and to bring the bridge up to modern building code requirements with the addition of taller hand rails.

The selected firm will be responsible for verifying the design parameters and budgets included in the University developed schematic plans. Short listed firms will be provided a copy of this document for reference and in preparation of interviews. Coordination with existing infrastructure plans, ongoing construction operations, and new circulation patterns will be required.

The anticipated project delivery method for this project is General Contracting.

Prevailing Wage Rates do apply to this project.

B. Scope of Services

The University would like to bid the Project in June 2016, award in July 2016 with construction phased between July 2016 and October 2016. All work including punch list and closeout would be completed by no later than October 2016. The selected design team will need to begin work immediately and meet the noted schedule. The selected Architect/Engineer (A/E), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the University the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the University's Project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please label the CD or DVD and the sleeve with the project number and firm name if applicable.

Paper copies of the Statement of Qualifications, if requested, should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Facsimile copies of the Statement of Qualifications will not be accepted.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
