Project Overview

A. Project Description

The purpose of this project is to replace at least two of the existing coal boilers at the Lausche Heating Plant feeding the campus steam distribution system with two new dual-fuel boilers (approximately 100,000 pph each) and to replace the control for the district cooling system that includes the West Green Chilled Water Plant and the Nelson Chilled Water Plant. This work scope will include verifying existing system components as well as receiving input from the temporary boiler project design team (currently in progress) and the Utility Master Planning consultant. The specific equipment size and location decisions are currently being evaluated and determined by Ohio University. This project is necessary to accomplish the long term goals of the campus getting off of coal and meeting the campus heating requirements and to enhance the cooling system operation..

Ohio University (the "Owner") is requesting interested firms to submit proposals to provide Enhanced Commissioning Services for the Permanent Boiler Project and the District Cooling System Control Upgrades.

Professional design services have been acquired by the Contracting Authority under a separate contract.

The Permanent Boiler Project and District Cooling Controls will be executed using separate General Contractors.

State Prevailing Wage requirements apply to this project.

All aspects of the Project and related issues will be implemented and operated consistent with the Contracting Authority and/or Owner's policies and procedures.

B. Scope of Services

The objective of commissioning is to provide documented confirmation that a facility fulfills the functional performance requirements of the system owner, occupants, and operators.

The selected Commissioning Agent ("CxA"), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Consultant Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity ("EDGE") Program as required by statute and the Agreement.

Request for Qualifications (Commissioning Agent) continued

- The selected CxA and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested CxA firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the CxA's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the CxA's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Paper copies of the Statement of Qualifications, if requested, should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Facsimile or e-mailed copies of the Statement of Qualifications will not be accepted.

Firms are requested to identify professional registrations, memberships, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
