Project Overview

A. Project Description

- Build one (1) new High School to house 1,110 students in grades 9-12 and Career-Tech,
- The building is to be 239,719 sq. ft. (198,718 Cofunded + 41,276 LFI) built in accordance with the 2015 Ohio School Design Manual,
- The new building is to be built adjacent to the existing Ellet High School which is to remain open during the construction project,
- An early site package consisting of building pad, underground utilities and base asphalt for the parking lot is being completed under a separate contract and will be complete prior to issuance of the building package Notice to Proceed. The estimated cost of work for this early site work is \$1,464,457. This amount is not included in this RFQ cost of work,
- The project is currently in the Construction Documents phase and will be roughly 90% complete when the CMR firm is selected,
- Short listed CMR firm will be required to submit a GMP for the main building along with their RFP. The GMP package details will be made available at the time the short listed firms are announced. All costs associated with the development of the GMP will be the sole responsibility of the shortlisted CMR firm,
- Abatement and Demo of the existing Ellet HS will be included in the CMR's scope of work, however, it is NOT included in this RFP/RFQ process and should will not be part of the submitted GMP. The cost of abatement and demolition is not included in the Estimated Construction Costs as stated in Section C of this RFQ. A separate Demo and abatement GMP will be negotiated as the project proceeds,
- The Architect selected for the project is The GPD Group of Akron, Ohio,
- The Owner Agent selected for the project is Panzica Construction Company of Mayfield, Ohio,
- All aspects of the project and related issues will be implemented and operated consistent with the Commission and/or Owner's policies and procedures.

B. Scope of Services

The selected Construction Manager at Risk ("CM"), as a portion of its required Scope of Services and prior to submitting its proposal, will discuss and clarify with the Contracting Authority and/or Owner, the breakdown of the Agreement detailed cost components, to address the Owner's project requirements and refine the project schedule.

As required by the Agreement, and as properly authorized, provide the following categories of services: provide constructability review comments on documents produced by the A/E during the Schematic Design, Design Development, and Construction Document stages; develop and maintain estimates of probable construction cost, value engineering, project schedules, and construction schedules; lead and manage the Subcontractor Prequalification and Bidding process, Construction and Closeout Stage.

Refer to the *Ohio School Design Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

Request for Qualifications (CM at Risk Contract)

State of Ohio Standard Forms and Documents

The preconstruction and construction services are generally described below. Subcontracts including but not limited to Plumbing, Fire Protection, HVAC, Electrical and AV/Technology will be awarded by the CM to prequalified vendors using a competitive process. The parties will engage in an "open book" pricing method in which all subcontracted work shall be based upon competitive pricing that will be reviewed by the Contracting Authority and/or Owner, the A/E and the CM. The Contracting Authority and/or Owner shall have access to all books, records, documents and other data in the CM's possession related to itself, its subcontractors and material suppliers pertaining to bidding, pricing or performance of the Agreement.

Preconstruction Services: Note that the GMP submission (based on approx. 90% complete Construction Documents) will be part of the RFP submission and therefore the GMP will be factored into the final selection process. As a result, Preconstruction services will be limited and shortened. The drawings and specifications will be at a stage of completion (approx. 90% complete Construction Documents) at the time of the RFP request. Such partially completed documents (the "Basis Documents") will be provided to the shortlisted CM candidates, together with the A/E's detailed listing of any material incomplete design elements and the A/E's statement of intended scope with respect to such incomplete elements (the "Design Intent Statement"). The shortlisted CM candidates shall submit to the Contracting Authority and/or Owner and the A/E their proposed Guaranteed Maximum Price (the "Contract Sum") and its qualifications and assumptions based upon the Basis Documents and the Design Intent Statement at the time of the RFP request. The shortlisted CM candidates, the Contracting Authority and/or Owner and the A/E (along with selected engineers and consultants) shall meet to reconcile any questions, discrepancies or disagreements relating to the qualifications and assumptions, the Basis Documents or the Design Intent Statement. The reconciliation shall be documented by an addendum to the qualifications and assumptions that shall be approved in writing by the Contracting Authority and/or Owner, the A/E and the CM. The shortlisted CM candidates shall then submit to the Contracting Authority, as part of their RFP for review and analysis and as part of the "Best-Value Selection", the CM's proposed final Contract Sum based upon the Basis Documents, the approved qualifications and assumptions and the Design Intent Statement. The final negotiated Contract Sum shall not exceed the Project Budget established for construction.

Construction Services: The CM shall construct the Project pursuant to the construction documents and in accordance with the schedule requirements. The CM shall hold all subcontracts and shall be fully responsible for the means and methods of construction, project safety, project completion within the schedule agreed upon in the preconstruction phase, compliance with all applicable laws and regulations including monitoring compliance with all EDGE, equal employment, and prevailing wage requirements, and submitting monthly reports of these activities to the Contracting Authority. All subcontracts shall be on the subcontract form prescribed by OAC Section 153:1-03-02. The Contracting Authority reserves the right to approve the CM's selection of subcontractors and any supplemental terms to the form subcontract.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. CM at Risk Project Delivery
2. The CM's role in an Ohio public CM at Risk Project

	\$49,500,000 (this does not included		
Construction Cost	<u>demo and abatement)</u>	Other Funding	<u>\$11,373,958</u>

D. Anticipated Schedule

CM Preconstruction Services Start	<u>11 / 16</u>
Construction Stage Notice to Proceed	<u>01 / 17</u>
Substantial Completion of all Work	<u>06 / 19</u>
CM Services Completed	<u>09 / 19</u>

E. EDGE Participation Goal

Percent of the CM's total compensation excluding CM's Contingency* 5.0%

*Preconstruction Stage Compensation plus Contract Sum minus CM's Contingency

F. Evaluation Criteria for Selection

Selection Criteria: The CM will be selected using (i) qualifications-based process during the Request for Qualifications (RFQ) stage to develop a short list and (ii) best value process during the Request for Proposal stage. The qualifications-

Request for Qualifications (CM at Risk Contract) continued

based criteria for the RFQ is included in this announcement. The best value criteria used in evaluating proposals from short listed firms will include such factors that are determined to derive or offer the greatest value to the State and Owner, combining both qualifications and fee. Firms selected from this RFQ process will be required to submit a GMP at the time of RFP submission.

Short List: Each firm responding to this RFQ will be evaluated and selected based on its qualifications and the qualifications and experience of the particular individuals identified as the candidate's proposed team for the Project. After evaluating the responses to this RFQ, the Contracting Authority will select a short list of no fewer than three candidates that it considers to be the most qualified, except if the Contracting Authority determines that fewer than three firms are qualified, it will only select the qualified firms.

Request for Proposal: The short-listed firms shall be sent a Request for Proposal ("RFP") that will invite the firms to submit pricing proposals containing their proposed preconstruction stage compensation, construction stage personnel costs, itemized construction stage general conditions costs, construction stage contingency percentage, and construction stage fee percentage. The short-listed candidates will also receive (i) form of Agreement with the Contracting Authority containing the contract terms and conditions, (ii) set of the most recent design documents and (iii) proposed Project schedule. Firms selected from this RFQ process will be required to submit a GMP at the time of RFP submission.

Pre-Proposal Meeting: Prior to submitting a response to the RFP, the short-listed firms will be invited to meet individually with the Contracting Authority and/or Owner. The purpose of the pre-proposal meeting is to permit the short-listed firms an opportunity to ask the Contracting Authority and/or Owner questions in an individual setting to help the firms prepare their responses to the RFP. The Contracting Authority will notify each short-listed firm to schedule individual times for the pre-proposal meetings.

Interview: After submitting responses to the RFP, the short-listed firms will be interviewed by the Contracting Authority and Owner. The purpose of the interview will be to meet the proposed Project team, become familiar with key personnel, and understand the project approach and ability to meet the stated objectives for the Project. Please be prepared to discuss with specificity the firm's capacity to conduct this work in compliance with the timetable, budget and EDGE expectations. The Contracting Authority will notify each short-listed firm to schedule individual times for the interviews.

Selection Schedule: Tentative schedule is subject to change.

RFQ-Qualifications Due	10/03/2016
Announce Shortlist & Issue RFP with CD Design Documents	10/17/2016
Pre-Proposal Meetings	Week of 10/24/2016
RFP/GMPs Due	11/21/2016
Interviews	Week of 12/05/2016
Selection of CMR	Week of 12/12/2016

Cancellation and Rejection: The Contracting Authority reserves the right to reject all proposals and cancel at any time for any reason this solicitation, any portion of this solicitation or any phase of the Project. The Contracting Authority shall have no liability to any proposer arising out of such cancellation or rejection. The Contracting Authority reserves the right to waive minor variations in the selection process.

Interested CM firms are required to address how they will implement Building Information Modeling ("BIM") on the project, experience and level of training of staff related to BIM, incorporation of team partners that have previous BIM experience, and an understanding of collaborative BIM processes, including but not limited to the *State of Ohio BIM Protocol* available at the OFCC website at <http://ofcc.ohio.gov>.

Interested CM firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the CM's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the CM's Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

G. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Request for Qualifications (CM at Risk Contract) continued

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer.

Statement of Qualifications are to be submitted electronically by e-mail. Submittals are to be limited to a maximum of one e-mail with a total file size of 25MB.

Unless otherwise noted or exempt, all documents submitted to the Contracting Authority in response to this RFQ and subsequent RFP are public and will be available for inspection at the conclusion of the selection process. The following information shall remain confidential and will not be released: (1) Proposal Form(s), except for cost category subtotals which will be transferred to the Best Value Rating Form; (2) Financial Capacity; and (3) Bonding/Insurance.

Proposers are requested to submit the following information in response to this RFQ within Section H of Form F110-330.

1. Summary: Provide a summary, on one page or less, describing why your firm/team is the most qualified for the Project.
2. Bonding/Insurance: Provide evidence of capacity to provide bonding in the amount of the construction budget (e.g. a letter from your Surety agent stating that one or more Sureties will issue Bonds in the amount of the construction budget if your team is selected) and a copy of the firm's certificate of insurance showing the firm's current limits of liability for commercial general liability, employer's liability, business automobile liability, and professional liability insurance.
3. Management Systems: Describe the scheduling and cost control systems the firm would propose to use for the Project
4. Self-Performed Work: Indicate whether the firm intends to self-perform any work on the Project through a competitive process and, if so, the nature of the work and capability to self-perform.
5. Estimating: Demonstrated track record of performance of in-house estimating on projects comparable to the Project.
6. Scheduling: Demonstrated track record of performance of managing projects to the original schedule.

Firms are requested to identify professional registrations, memberships and credentials including but not limited to: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
