Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. Is the RFQ for Basic Renovation-Prequalification List open to Interior Design Firms?

A: Yes this list is open to Interior Design firms. Please use Section H to provide any information that you feel is not sufficiently addressed in the main body of the RFQ format.

2. Per the request for qualifications for OHU-170010, there is a required electronic copy of the submittal, but there is no email address to which that electronic copy should be submitted.

A: The electronic copy should be submitted along with the paper copy on either a CD or a thumb drive format. Do not send any submittals directly via e-mail.

3. Can you tell me if the attached prequalification project OHU-170010 applies to future Design-Build opportunities that you may have, i.e., would a potential Design-Build firm be required to be on this list to be allowed to qualify for Design-Build projects?

A: This question has been deferred to other University entities for clarification. In order to allow sufficient time to answer this question and submit the guidance to submitters, the due date for this RFQ will be postponed one week, until March 3, 2017.

UPDATE: You do not need to be on this list to qualify for projects. We are simply looking into various Design-Build opportunities and wanted to have a starting resource for exploratory purposes.

4. For what time period will pre-qualified firms be eligible for award of contracts via this RFQ?

A: This RFQ process is annually updated. All submissions and contract awards will be honored for (approximately) the next 12 months, until a new RFQ is issued/received in early 2018.
