## General Requirements for Submittals of the Statement of Qualifications

Firms are required to submit the current State of Ohio version of Statement of Qualifications (SAO Form F110-330) available via the SAO website at <http://ohio.gov/sao> (click on Forms). The Federal version of the SF330 form will not be accepted.

Cover letters and transmittals are not necessary. Please place the appropriate project number in the space provided on the form.

Due to limited storage space, we request that paper copies, if requested, be stapled and please refrain from submitting three-ring binders, spiral binders and booklets. SAO requests that supplemental material not be submitted with the Statement of Qualifications. The use of a computerized or typed Statement of Qualifications form is preferred.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Facsimile or e-mailed copies of the Statement of Qualifications will not be accepted.

## Reminders

SAO no longer requires an annual submittal of Part II of the Statement of Qualifications form for professional design services. However, professional design firms and construction managers responding to a request for qualifications for State of Ohio projects must submit Part II of the Statement of Qualifications (SAO Form #F110-330) for each firm on its team.

SAO Form #F110-330 (Statement of Qualifications) officially replaced both the ADM-0255 and ADM-0254 forms on March 1, 2008. The ADM-0255 and ADM-0254 forms are no longer accepted.

## Declaration Regarding Material Assistance / Non-assistance to a Terrorist Organization

As a result of Ohio Senate Bill 9 (effective April 14, 2006) applicants seeking certain state issued business contracts and funding must fill out new forms indicating that they have not provided financial assistance or support to a terrorist organization.

Prior to executing the Architect/Engineer (A/E) agreement, the selected A/E must represent and warrant that it has not provided any material assistance, as that term is defined in ORC Section 2909.33 (C), to an organization that is identified by, and included on, the United States Department of State Terrorist Exclusion List and that it has truthfully answered "no" to every question on the Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and that it has provided or shall provide such to the Contracting Authority and/or the Ohio Business Gateway at <https://ohiobusinessgateway.ohio.gov/OBG/Membership/Security.mvc>.

All DMA forms and reference information, including a list of licenses subject to DMA and the Terrorist Exclusion List, can be found on the Ohio Homeland Security website at [http://homelandsecurity.ohio.gov/dma/dma\\_forms.asp](http://homelandsecurity.ohio.gov/dma/dma_forms.asp).

The Contracting Authority is responsible for either directing applicants to the forms on the Web site or printing and providing hard copies to the applicant. The Contracting Authority will retain the completed forms along with the application.

Anyone with questions can contact Ohio Homeland Security by calling the DMA hotline number at 614.644.3892 or by email at [dma-info@dps.state.oh.us](mailto:dma-info@dps.state.oh.us).

### **ORC 9.24 – Auditor of State Unresolved Findings for Recovery**

Effective June 1, 2004, Ohio Revised Code (ORC) 9.24 prohibits the State of Ohio from awarding a contract to any individual or organization against whom the [Auditor of State](#) has issued a findings for recovery if the findings for recovery is unresolved at the time of award of contract.

For more information about how this new statute requirement pertains to Associates, Construction Managers, Consultants, Contractors and Owners, visit the SAO website at: <http://ohio.gov/sao> (click on Auditor of State Findings for Recovery under the Hot Links section.)

### **EDGE Participation Required on State Design and Construction Projects**

The Encouraging Diversity, Growth and Equity (EDGE) program became law July 1, 2003, when Section 123.152 of the Ohio Revised Code was enacted. The program creates a business development program for economically and socially disadvantaged Ohio businesses.

The EDGE business participation goal is usually 5 percent. Proposers for professional services agreements as well as Bidders on construction contracts must demonstrate actual participation in the EDGE program, or provide a demonstration of their good faith efforts (with a letter requesting a waiver of the advertised EDGE participation goal on its letterhead and supporting evidence) to participate in the EDGE program, or both, as indicated in the Ohio Revised Code (123.152) and the Ohio Administrative Code (123:2-16-09).

Interested A/E firms are required to submit the Commitment to Participate in the Edge Business Assistance Program form in its Statement of Qualifications (SAO Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the SAO website at <http://ohio.gov/sao> (click on Forms). The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises by the name that will participate in the delivery of the proposed professional services solicited in the RFQ.

To learn more about the qualifications for EDGE certification, the process to become an EDGE-certified business, and to find existing EDGE-certified businesses, go to <http://EDGE.ohio.gov>.

### **Ohio Ethics Law Provision**

All professionals that submit or intend to submit proposals for consideration of a contract for professional design services with the state of Ohio are reminded that, as applicable, no sole proprietor, partner, shareholder or other principal of the Architect/Engineer or the spouse of such principal has made, as an individual, at any time within the two previous calendar years, one or more contributions totaling in excess of \$1,000.00 to the Governor or to the Governor's campaign committee, consistent with Section 3517.13 of the Ohio Revised Code.

## Project Overview

### A. Project Description

The Vision: From time to time universities are presented with a rare opportunity to undertake a project which can be truly transformative in both its potential to create very special residential environments while significantly enhancing the ability of its students to be successful. Students living on campus perform better academically, have higher retention and engagement rates, and often become more active alumni. Having recently initiated a similar transformation of our south residential neighborhood, The Ohio State University is preparing to recreate our north residential community through the addition of 3,200 beds of new student housing, creating a new, vibrant neighborhood of nearly 6,000 student residents. Guided by our recently completed One University Framework Plan, and our dynamic vision for Student Life, this new, densely developed North Campus Residential District must be carefully planned in a manner to reflect the best practices in both urban design, and campus-based student residential life. The project's planning effort must successfully design and integrate the new residential, support and public spaces in a manner that both advances our academic mission and student life objectives, while creating a place that will serve as one of the major defining locations of our campus for many years to come.

The Project: The project to will include multiple residence halls totaling 3,200 new beds along with necessary program space. The residence hall will be organized around three different green spaces, each based at an existing high-rise tower. An east-west pedestrian main street should transect these open spaces, providing connectivity from High Street to the river. Two new dining halls are proposed – one large server style and one “grab and go”. Indoor and outdoor recreation amenities continue their important supporting role with a new recreation facility replacing the existing Jesse Owens North, adjacent to the Fisher College of Business. The project also includes numerous infrastructure improvements, the creation of a distinctive public realm, and the careful integration into the adjacent campus and off campus communities. Multiple buildings will be demolished as part of this project as well.

Building on previous planning efforts, design parameters must be agreed upon early on to ensure concepts and options meet the long-term needs of the campus community. These would include items such as infrastructure requirements, scale and massing of buildings and how they frame open spaces, and the character of the district as a whole. (Refer to the South District Master Plan as an example.)

The transformation should net additional capacity for 3,200 students and enhance the open spaces, dining services, and recreational spaces for the entire north community. The plan will build cohesion between new and existing structures and clarify the underlying fabric with improved circulation and integration of support services. It will appropriately relate and link with districts and neighborhoods surrounding it.

# Request For Qualifications (A/E) continued

Project Name North Residential District Transformation

Project Number OSU-110672

The district design will deliver timing, phasing and associated costs for building and infrastructure needs, open space requirements and identification of swing/relocation strategies.

The current concept is based on two studies which can be found on the FOD webpage. The studies are:

- The Framework Plan <http://oneframework.osu.edu/>.
- The Sophomore Housing Plan <http://fod.osu.edu/transfer/sophomore-housing-phase-1.pdf>

A Brief Summary of the current engineering assumptions, Program Summary, Estimate Summary and a planning diagram for the North District can be found at <http://fod.osu.edu/transfer/North-District-Summary.pdf>.

A presentation of the project will be held on August 12, 2011 to discuss the project, past studies and to answer any questions related to this submittal. It will be held at ~~400 Central Classroom Building, 2009 Millikin Road, Columbus Ohio 43210~~ **Women's Field House 1790 Cannon Drive, Columbus OH 43210**. The Presentation will start at 10:00 am and a tour of the site will follow immediately after. **There will be a second identical presentation held on August 15, 2011 starting at 1:00pm that will be held at the Women's Field House 1790 Cannon Drive, Columbus OH 43210.**

Visit the FDC web page at <http://www.fod.osu.edu/projects/index.htm> and click on the "North Residential District Transformation" tab for ongoing updates, frequently asked questions, additional information, an interview schedule, and a concept project schedule.

## B. Scope of Services

The University is planning to contract with an Architect/Engineer Team to complete a transformation of the University's North Residential District. This RFQ seeks to shortlist architect led teams that will eventually lead the full A/E Team comprising all consultants under one contract. The successful shortlisted firms will need to show a demonstrated ability to integrate concept development, planning, design, architectural visioning in a complex environment.

Because of the scale, complexity and importance of this project, the submitting architectural/planning firm will be asked to bring together an initial team for interview with following expertise: Nationally recognized architectural design ability, including exemplary large scale urban design and planning abilities, with University residential housing experience. Upon selection through consultation with the University, the selected firm shall add all remaining consultants to form the completed A/E Team under one contract. Those consultants include but are not limited to all engineering disciplines (mechanical, electrical, plumbing, civil and structural), a local architect (if needed to perform as the Architect of Record – see note on page 3 regarding state licensure requirements), a Construction Manager for estimating, scheduling and constructability. Kitchen/Dining consultant, Recreation Consultant and Hazardous Materials Consultants will also be added to the team after consultation with the University.

All additional consultants beyond the interview team will be selected in consultation with the OSU Facilities Operation and Development (FDC) through either a separate interview process or through direct selection. The submitting firm should highlight in their submittal (Section H. Additional Information), a strategy for selection of and contracting with the above referenced consultants. Please note that a local architect could be selected through the subsequent interview process and become the Architect of Record. Joint ventures are also allowed.

The selected Architect/Engineer (A/E), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification and Development, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Phase, Post-Construction Phase, and Extra Services and Additional Services of all types. Refer to *The SAO Manual* for additional information about the type and extent of services required for each.

During the construction period, the architect is to provide not less than 40 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of

# Request For Qualifications (A/E) continued

Project Name North Residential District Transformation

Project Number OSU-110672

each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (SAO Form #F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. University Residential Housing Projects
2. Transformative large scale Urban Design
3. Architectural Design Excellence (including third party validation)
4. Projects with State of Ohio Agencies
5. Recreation Center Facilities and Kitchen/Dining Facilities

## C. Funding / Estimated Budget

Total Project Cost	<u>To be determined</u>	State Funding	<u>\$0</u>
Construction Cost	<u>To be determined</u>	Other Funding	<u>University Funding</u>
Estimated A/E Fee	<u>5% for basic services</u>		

NOTE: The design fee percentage for this project includes all professional design services, and consultant services necessary for proper completion of the Basic Services for the successful completion of the project, including but not limited to: review and verification of the Program of Requirements provided by the Owner, validation of existing site conditions (but not subsurface or hidden conditions), preparation of cost estimates and design schedules for the project. Fees may be negotiated and allocated for Additional Services (e.g., creation of a Program of Requirements, extensive evaluation or validation of site conditions, extensive pre-design investigations, code-required special inspection and testing, Quality Assurance testing during the construction period, and testing due to unforeseen conditions). Required Professional Liability Insurance will be \$3,000,000 per claim and annual aggregate.

## D. Services Required (see note below)

Primary	<u>Architect, Urban Designer</u>
Secondary	<u>Engineering (mechanical, electrical, plumbing, civil)</u>
	<u>Local Architect, if required</u>
	<u>Landscape Architects, if not a part of Urban Design firm</u>
	<u>Hazardous Materials Consultant</u>
	<u>Kitchen Consultant</u>
	<u>Recreational Sports Consultant</u>
Others	<u>Additional as needed</u>

## E. Anticipated Schedule

A/E Services Start (mm/yy)	<u>10 / 11</u>
Construction Contracts Start (mm/yy)	<u>11 / 13</u>
Construction Contracts Completed (mm/yy)	<u>04 / 16</u>
A/E Services Completed (mm/yy)	<u>04 / 17</u>

## F. EDGE Participation Goal

Percent of <i>initial</i> TOTAL A/E Fee	<u>5%</u>
-----------------------------------------	-----------

NOTE: The primary A/E shall be (1) a registered architect holding a license and certificate of authorization issued by the Ohio Architects Board pursuant to O.R.C. Chapter 4703, (2) a landscape architect holding a license and certificate of authorization issued by the Ohio Landscape Architects Board pursuant to O.R.C. Chapter 4703, or (3) a professional engineer or professional surveyor holding a license and certificate of authorization issued by the Ohio Engineers and Surveyors Board pursuant to O.R.C. Chapter 4733.

## G. Evaluation Criteria for Selection

Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects. Previous experience compatible with the proposed project (e.g., type, size). Relevant past work of prospective firm's proposed consultants. Past performance of prospective firm and its proposed consultants. Qualifications and experience of individuals directly involved with the project. Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants. Design quality and demonstrated ability of prospective firm and its proposed consultants to provide design services which represent the University's *Design Values for Campus Development* ([fod.osu.edu/proj\\_del/ref/0200\\_Design\\_Values.pdf](http://fod.osu.edu/proj_del/ref/0200_Design_Values.pdf)). Specification writing credentials and experience. Experience and capabilities of using Critical Path Method (CPM) schedules as a project management resource. Proximity of prospective firms to the project site. Proposer's apparent resources and capacity to meet the needs of this project. The selected A/E will be required to sign the Professional Design Services Agreement, which can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). No modifications to the requirements in the contract will be accepted.

# Request For Qualifications (A/E) continued

Project Name North Residential District Transformation

Project Number OSU-110672

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (SAO Form #F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Prior to executing the Architect/Engineer Agreement, the selected A/E must represent and warrant that it has not provided any material assistance, as that term is defined in O.R.C. Section 2909.33(C), to an organization that is identified by, and included on, the United States Department of State Terrorist Exclusion List and that it has truthfully answered "no" to every question on the Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and that it has provided or shall provide such to the Contracting Authority ([www.homelandsecurity.ohio.gov/dma/dma\\_forms.asp](http://www.homelandsecurity.ohio.gov/dma/dma_forms.asp)).

Special Note for this specific project only. In reference to the scorecard:

1. Selection Criteria 5 – as some teams may have all requested experience under one firm, this section will be used specifically for the Urban Design lead
2. Selection Criteria 6 /C – will be used for assessment of the proposed strategy for bringing on board additional consultants.

## H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (SAO Form F110-330) available via the SAO website at <http://ohio.gov/sao> (click on Forms).

Paper copies of the Statement of Qualifications should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Submit all questions regarding this RFQ in writing via email to Megan Kadel-Edwards at [Kadel-Edwards.1@osu.edu](mailto:Kadel-Edwards.1@osu.edu) with the project number included in the subject line (no phone calls please).

## Project Overview

### A. Project Description

This A/E services contract pertains to demolition/deconstruction professional design services as generally identified in section B. Scope of Services below. The project includes demolition of multiple buildings, relocation of associated utilities passing through the buildings or adjacent site, abatement of hazardous materials, associated utility capping within and external to existing utility tunnels, new manholes if needed, duct bank relocation as warranted, and restoration of the site including landscaping design services.

The work within this RFQ will include up to five (5) buildings at a total square footage of approximately 64,000 gsf. One of the buildings was most recently used for storage, three were occupied as office/storage facilities, and one is a decommissioned lab building. The design effort, based upon the ultimate number of individual packages could proceed for up to 24 months and total demolition and site restoration work is intended to be complete by the 4th Quarter of 2014. Specific scopes of work for each building will be developed and the order of demolition prioritized.

### B. Scope of Services

The selected Architect/Engineer (A/E), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Phase, Post-Construction Phase, and Extra Services and Additional Services of all types. Refer to *The SAO Manual* for additional information about the type and extent of services required for each.

During the construction period, provide not less than 5 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (SAO Form #F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Building Demolition
2. Demolition in urban campus setting
3. Site Restoration
4. Utility disconnections, routing and capping

# Request For Qualifications (A/E) continued

### F. EDGE Participation Goal

Percent of <i>initial</i> TOTAL A/E Fee	<u>5.0%</u>
-----------------------------------------	-------------

NOTE: The primary A/E shall be (1) a registered architect holding a license and certificate of authorization issued by the Ohio Architects Board pursuant to O.R.C. Chapter 4703, (2) a landscape architect holding a license and certificate of authorization issued by the Ohio Landscape Architects Board pursuant to O.R.C. Chapter 4703, or (3) a professional engineer or professional surveyor holding a license and certificate of authorization issued by the Ohio Engineers and Surveyors Board pursuant to O.R.C. Chapter 4733.

### G. Evaluation Criteria for Selection

Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects. Previous experience compatible with the proposed project (e.g., type, size). Relevant past work of prospective firm's proposed consultants. Past performance of prospective firm and its proposed consultants. Qualifications and experience of individuals directly involved with the project. Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants. Design quality and demonstrated ability of prospective firm and its proposed consultants to provide design services which represent the University's *Design Values for Campus Development* ([fod.osu.edu/proj\\_del/ref/0200\\_Design\\_Values.pdf](http://fod.osu.edu/proj_del/ref/0200_Design_Values.pdf)). Specification writing credentials and experience. Experience and capabilities of using Critical Path Method (CPM) schedules as a project management resource. Proximity of prospective firms to the project site. Proposer's apparent resources and capacity to meet the needs of this project. The selected A/E will be required to sign the Professional Design Services Agreement, which can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). No modifications to the requirements in the contract will be accepted.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (SAO Form #F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Prior to executing the Architect/Engineer Agreement, the selected A/E must represent and warrant that it has not provided any material assistance, as that term is defined in O.R.C. Section 2909.33(C), to an organization that is identified by, and included on, the United States Department of State Terrorist Exclusion List and that it has truthfully answered "no" to every question on the Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and that it has provided or shall provide such to the Contracting Authority ([www.homelandsecurity.ohio.gov/dma/dma\\_forms.asp](http://www.homelandsecurity.ohio.gov/dma/dma_forms.asp)).

# Request For Qualifications (A/E) continued

Project Name Various Building Demolitions

Project Number OSU-100652

---

## H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (SAO Form F110-330) available via the SAO website at <http://ohio.gov/sao> (click on Forms).

Paper copies of the Statement of Qualifications should be stapled only. Do not use special bindings or coverings of any type. Cover letters and transmittals are not necessary.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat Professional or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Adobe Acrobat Professional, go to Advanced, then PDF Optimizer. Also, please label the CD and the CD cover with the project number and firm name.

Submit all questions regarding this RFQ in writing via email to Rick Van Deusen at [van-deusen.2@osu.edu](mailto:van-deusen.2@osu.edu) the project number included in the subject line (no phone calls please).

## Project Overview

### A. Project Description

In coordination with the City of Columbus, this project will realign Cannon Drive between Herrick Drive to the north and King Avenue to the South and the extension of the associated connector streets. Also included with this scope will be a preliminary engineering study for a Kinnear Road connection across the Olentangy River and other engineering studies and design efforts related to the Cannon Drive district. The relocation of Cannon Drive will be completed in two phases. Phase 1 will relocate Cannon from the Herrick Drive intersection to Medical Center Drive. Phase 2 will relocate Cannon from the 315 off ramp to King Avenue. An informational meeting will be held on August 22<sup>nd</sup> – please see details below.

### B. Scope of Services

**Cannon Drive Relocation, Phases 1 & 2:** As part of the initial portion of the engineering services, the successful firm will be responsible for the preliminary engineering for Phases 1 & 2, all related survey, testing, design, environmental permitting, studies, and construction assistance services for Phase 1. The University anticipates amending the contract for Phase 2 final design and construction services at a later date. Phase 1 encompasses the relocation of Cannon Drive from Herrick Drive to Medical Center Drive. Phase 2 will relocate Cannon Drive from Medical Center Drive to King Avenue. Various tasks include:

- City of Columbus 3P process: Assist the University in the development of various agreements required as part of the City's process.
- Project Design Standards: Assist the University in a collaborative effort with the City of Columbus to establish project design standards
- Boundary and Topographical Survey
- Preliminary Roadway Engineering: Provide engineering services to establish horizontal and vertical alignment for the relocation of Cannon Drive including abutting roadways.
- Preliminary and Detailed OSU Utility Design: Provide preliminary alignment for medium voltage electrical, chilled water, steam, domestic water, and other utility corridors. Provide final detail design as required.
- Landscape Planning & Design for the entire Cannon Drive Corridor including the future recreational areas extending from existing Cannon Drive to the Olentangy River.

**Parking Lot Relocation:** The project will require the relocation of a significant quantity of parking. Parking Studies along with preliminary and detailed design (including soils testing and survey) of a parking lot replacement may be required at a site remote from the Cannon Drive corridor. These services may not be part of the original scope but may be added later to the design contract.

**Kinnear Road Connection:** Conceptual engineering will be performed for the extension of Kinnear Road under S.R. 315 and across the Olentangy River. The limited scope will include a utility "red flag" summary, and potential alignment (horizontal and vertical). Conceptual design of the intersection with Olentangy River Road and required 315 work will be included. Estimates based on the conceptual alignment will be produced at the conclusion of the effort.

**Interchange Modification Study:** An interchange modification study will be conducted for the intersection of the S.R. 315 ramps and Cannon Drive. Included in this effort will be any environmental documentation as required.

**Other Traffic Studies:** Additional traffic studies to analyze the project impact on various areas of campus and the surrounding community.

# Request For Qualifications (A/E) continued

Project Name Cannon Drive Relocation – Phase 1 Project Number OSU-120059

**Coordination with the City of Columbus and other agencies:** The project will be coordinating a number of issues with the City including stormwater, 100 year floodplain, and CSO offline storage. Design elements resulting from the coordination efforts may be included in this design effort by future amendment. The successful consultant will also be responsible to coordinate activities with the City of Columbus, ODOT, and other agencies as required.

**Cannon Drive Corridor Stormwater Master Plan:** A district storm water master plan will be needed for this district to accommodate the project improvements and the final build out of the areas to be developed at a future date.

**PLEASE NOTE THE FOLLOWING SCHEDULE ITEMS:**

There will be an informational meeting to be held on **August 22<sup>nd</sup>** from 2:00 to 3:00 p.m. at 1590 N. High Street Suite 430, Room 425A. A public parking garage is available off of East 11<sup>th</sup> Avenue.

Interviews for the shortlisted consultants will be held on September 14<sup>th</sup>. Additional details will be provided to the shortlisted firms.

For projects advertised with an appropriately developed Program of Requirements (POR), upon award of the Agreement, commence with Design. For projects without such a POR, upon award of the Agreement, commence by developing the Program of Requirements.

The selected Architect/Engineer (A/E), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner’s project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Phase, Post-Construction Phase, and Extra Services and Additional Services of all types. Refer to *The SAO Manual* for additional information about the type and extent of services required for each.

During the construction period, provide not less than 20 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (SAO Form #F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Similar Roadway Design including IMS studies
2. Coordination with the Multiple Jurisdictional Agencies
3. Stormwater & Floodplain
4. Projects Utilizing the SAO delivery model
5. OSU Campus Experience
6. City of Columbus 3P process

**C. Funding / Estimated Budget**

Total Project Cost	<u>\$17,500,000</u>	State Funding	<u>\$0</u>
Construction Cost	<u>\$16,000,000</u>	Other Funding	<u>\$1,500,000 and to be determined</u>
Estimated A/E Fee	<u>9%</u>		

NOTE: The design fee percentage for this project includes all professional design services, and consultant services necessary for proper completion of the Basic Services for the successful completion of the project, including but not limited to: review and verification of the Program of Requirements provided by the Owner, validation of existing site conditions (but not subsurface or hidden conditions), preparation of cost estimates and design schedules for the project. Fees may be negotiated and allocated for Additional Services (e.g., creation of a Program of Requirements, extensive evaluation or validation of site conditions, extensive pre-design investigations, code-required special inspection and testing, Quality Assurance testing during the construction period, and testing due to unforeseen conditions). Required Professional Liability Insurance will be \$2,000,000 per claim and annual aggregate.

# Request For Qualifications (A/E) continued

Project Name Cannon Drive Relocation – Phase 1 Project Number OSU-120059

### D. Services Required (see note below)

Primary	<u>Civil Engineer</u>
Secondary	<u>Landscape Architect (to be selected in conjunction with the University)</u>
	<u>Surveyor</u>
	<u> </u>
	<u> </u>
	<u> </u>
Others	<u>Traffic Engineering (to be selected in conjunction with the University)</u>

### E. Anticipated Schedule

A/E Services Start (mm/yy)	<u>10 / 2011</u>
Construction Contracts Start (mm/yy)	<u>3 / 2013</u>
Construction Contracts Completed (mm/yy)	<u>9 / 2014</u>
A/E Services Completed (mm/yy)	<u>12 / 2014</u>

### F. EDGE Participation Goal

Percent of *initial* TOTAL A/E Fee 5%

NOTE: The primary A/E shall be (1) a registered architect holding a license and certificate of authorization issued by the Ohio Architects Board pursuant to O.R.C. Chapter 4703, (2) a landscape architect holding a license and certificate of authorization issued by the Ohio Landscape Architects Board pursuant to O.R.C. Chapter 4703, or (3) a professional engineer or professional surveyor holding a license and certificate of authorization issued by the Ohio Engineers and Surveyors Board pursuant to O.R.C. Chapter 4733.

### G. Evaluation Criteria for Selection

Demonstrated ability to meet Owner’s programmed project vision, scope, budget, and schedule on previous projects. Previous experience compatible with the proposed project (e.g., type, size). Relevant past work of prospective firm’s proposed consultants. Past performance of prospective firm and its proposed consultants. Qualifications and experience of individuals directly involved with the project. Proposer’s previous experience (numbers of projects, sizes of projects) when working with its proposed consultants. Design quality and demonstrated ability of prospective firm and its proposed consultants to provide design services which represent the University’s *Design Values for Campus Development* ([fod.osu.edu/proj\\_del/ref/0200\\_Design\\_Values.pdf](http://fod.osu.edu/proj_del/ref/0200_Design_Values.pdf)). Specification writing credentials and experience. Experience and capabilities of using Critical Path Method (CPM) schedules as a project management resource. Proximity of prospective firms to the project site. Proposer’s apparent resources and capacity to meet the needs of this project. The selected A/E will be required to sign the Professional Design Services Agreement, which can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). No modifications to the requirements in the contract will be accepted.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (SAO Form #F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E’s team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E’s Technical Proposal. Both forms can be accessed at [fod.osu.edu/vendor](http://fod.osu.edu/vendor). The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Prior to executing the Architect/Engineer Agreement, the selected A/E must represent and warrant that it has not provided any material assistance, as that term is defined in O.R.C. Section 2909.33(C), to an organization that is identified by, and included on, the United States Department of State Terrorist Exclusion List and that it has truthfully answered “no” to every question on the Declaration Regarding Material Assistance/Non-Assistance to a Terrorist Organization, and that it has provided or shall provide such to the Contracting Authority ([www.homelandsecurity.ohio.gov/dma/dma\\_forms.asp](http://www.homelandsecurity.ohio.gov/dma/dma_forms.asp)).
