Below are the clarifications and questions that have been received to date for the RFQ on the above-referenced project:

1. Clarification: The correct email address for Barrett Bamberger, UC project manager, to submit questions is barrett.bamberger@uc.edu.
2. Clarification: It is not necessary to include an environmental consultant as part of the project team at this stage in the selection process. The environmental assessment and scope documents may end up being handled internally by UC depending on the extent of the abatement work.
3. Clarification: Persons desiring to see the project space may contact Becky Bogart with the College of Nursing at 513-558-5170 to make arrangements.
4. Question: When was the building built and what is the structural system?
 - A. Answer: The building was completed in 1966. The superstructure consists of steel framing on spread footings and caissons with reinforced concrete floor slabs. Existing drawings are available for review at UC's Office of Planning+Design+Construction. Please contact Barrett Bamberger, UC project manager, at 513-558-2908 to make arrangements.
