Hello everyone,

OAKS CI is converting projects in our Agency environment from “standard projects” into “shells” in preparation for the transition to the Oracle cloud.

On the morning of Friday December 5th from 4 AM to 6 AM, we will convert all existing and historical projects from the Department of Public Safety, Ohio Lottery, Cleveland State University, Youngstown State University, Edison Community College, Southern State Community College, and Terra State Community College. Please refrain from logging in or attempting to do OAKS CI work during this time.

You will notice that your projects will physically move from the Projects tab to the Agency or Higher Ed tab in OAKS CI. In most cases, the Projects tab will disappear. Each affected project will become a project within an Organization. All existing records and documents will be moved into the new environment and will be accessible as before. Individual access permissions will also remain unchanged within the projects. Please see the attached navigational job aid for assistance, or call the OAKS CI support desk at 614.644.2211 or email us at oaksci@ofcc.ohio.gov.
