Good afternoon.

The OAKS CI team has some exciting news to share.

We will soon initiate the process of electronic signature through *DocuSign*. This electronic signature process will provide a safe and secure way to sign documents quickly through email via your computer or cell phone. You might see this new process in place as early as January 2016.

If you have any questions, please contact Steve Mayo at [steve.mayo@ofcc.ohio.gov](mailto:steve.mayo@ofcc.ohio.gov).
