The name of the party submitting a question will not be included on the Q&A document.

Project Overview

A. Project Description

Bowling Green State University (BGSU) Offices of Design and Construction intends to pre-qualify architectural services providers located within a certain proximity to main campus for projects that are smaller in scale.

This pre-qualification process will determine the list of firms that will be eligible for award of contracts for the period beginning May 1, 2018 and ending May 1, 2020.

Consultant services will be utilized for small projects or specialized tasks. Upon completion of the selection process, BGSU will be able to issue contract awards to pre-qualified firms up to the amount of \$250,000 for the two-year period. Each individual assignment may range in the amount of \$1,000-\$75,000 per project. However, there are exceptions where fees for an individual assignment might exceed \$75,000.

The number of pre-qualified architectural services providers selected through this process is within the discretion of BGSU. While the pre-qualified status means that a firm is eligible for award of contracts, there is no guarantee that a firm will be awarded any work or representation of the amount of work a firm may receive within the two-year period.

Pre-qualified architectural services providers must have primary offices located within these Ohio counties: Williams, Defiance, Paulding, Van Wert, Fulton, Henry, Putnam, Allen, Lucas, Wood, Hancock, Hardin, Ottawa, Sandusky, Seneca, Wyandot, Erie, Huron and Crawford.

B. Scope of Services

Work assignments may include: architectural, landscape architectural, and related specialty consulting services including but not limited to facility evaluation and master planning services, review or creation of Program of Requirements, various studies, preparation of cost estimates, prototype building design, quality assurance testing during construction, preparation of bidding and construction documents and pre-design investigations. Work assignments might include providing plumbing, mechanical, electrical and technology engineering services as part of the overall project. It is not a requirement to identify engineering firms for this RFQ. As projects are assigned BGSU and the architectural services provider will collaborate in selecting engineering services most appropriate for the project scope of work.

Services will be provided in accordance with a standard form of consultant agreement. As a project is identified for services, BGSU will notify a pre-qualified firm or firms of the project and scope of work. Only the firm selected for an assignment will be requested to provide a fee proposal. The scope of work and schedule for a specific project will be described in an exhibit document attached to the agreement.

Request for Qualifications (Architect / Engineer) continued

BGSU will initiate contract negotiations directed toward;

- (1) Ensuring that the firm and the agency have a mutual understanding of the essential requirements involved in providing of the required services;
- (2) Determining that the firm will make available the necessary personnel, equipment and facilities to perform the services within the required time; and
- (3) Agreeing upon fair and reasonable compensation, taking into account the estimated value, scope complexity and nature of the services.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

Interested A/E firms are required to address how they will implement Building Information Modeling (“BIM”) on the project, experience and level of training of staff related to BIM, incorporation of team partners that have previous BIM experience, and an understanding of collaborative BIM processes, including but not limited to the *State of Ohio BIM Protocol* available at the OFCC website at <http://ofcc.ohio.gov>.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E’s team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E’s Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

J. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm’s name. Use the “print” feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. PDF must be saved to a flash drive and delivered to Beth Nagel with BGSU Purchasing.

One (1) paper copy is required.

Facsimile copies of the Statement of Qualifications will not be accepted.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
