### Project Overview

#### A. Project Description

This project will be the replacement of the Coliseum ice rink equipment which may include a room addition, structural modifications, ventilation modifications, plumbing, electrical and lighting upgrades as well as the design and construction of (2) separate equipment sheds with minimal lighting, concrete floor that will support the weight of a forklift and at least (2) overhead doors and (1) pedestrian door.

The purpose of this project is to replace the older outdated equipment, which is being phased out because R-22 Freon is no longer being manufactured due to environmental code changes, with an ammonia-based cooling plant. Any modifications to the Coliseum may include siding, masonry work, tuck pointing and various other components of the building. The (2) equipment sheds are needed for dry staging of tables, chairs, platforms and various other materials that are used on a regular basis for the events hosted by the Expo Center each year.

This project will require coordination with many events taking place. The demolition and installation/construction will take place while the Expo Center maintains their present event schedule of more than 150 events as well as the Ohio State Fair held here each year. All roadways and egress patterns must be maintained for public safety and emergency equipment access. All of this work will take place at the Expo Center located less than 1/4 mile west of Interstate 71 on 17<sup>th</sup> Ave. The selected Architect/Engineer (A/E) will work closely with the owner to prepare the Program of Requirements (POR).

#### B. Scope of Services

Upon award of the Agreement, the selected Architect/Engineer (A/E) will commence by developing the Program of Requirements (POR) with the owner.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Develop a Program of Requirements, Conceptual Development, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

During the construction period, provide not less than 12 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience. Note: hours stated above are considered part of the A/E's Basic Services.

Please list all major scope services needed to complete the selection process for successful project delivery. The specific scope of services must state particular building types, functional design or specialized professional services required to evaluate the level of experience of each applicant firm (e.g. parking garage, kitchen design, correctional facility, medical facility). The scope of services should also define the types of basic and additional professional design and administration services necessary for the project (e.g. LEED credentials and experience, previous experience with local jurisdiction or similar sites, previous experience working with the State of Ohio, Building Information Modeling ("BIM") experience and training, specific BIM and Owner-defined requirements, level of development to be achieved within BIM models, BIM deliverables, and Owner's intended use of BIM models after construction). This information will be used by each applicant to populate the Relevant Project Experience Matrix in Section F of Form F110-330.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Project Delivery Method (MP, GC, CMR, DB)
2. Role on Project (AE, OA, CMA, CMR, DB, GC, Trade)
3. State of Ohio OFCC (Standard Documents / OAKS CI) experience
4. HVAC, Electrical, Plumbing & Fire Protection renovations in +50,000 SF facilities
5. Exposition / Fair facility experience
6. Renovations in occupied public facilities
7. Ice rink plant experience

### C. Estimated Budget / Funding

State Funding: \$6,000,000.00  
 Other Funding: \$0  
 Construction Cost: \$5,265,345.00  
 Total Project Cost: \$6,000,000.00

### D. Anticipated Schedule

Professional Services Start: 01 / 19  
 Construction Notice to Proceed: 11 / 19  
 Substantial Completion of all Work: 06 / 20  
 Professional Services Completed: 08 / 20

### E. Estimated Basic Fee Range (see note below)

8.25% to 8.50%

### F. EDGE Participation Goal

## Request for Qualifications (Architect / Engineer) continued

---

NOTE: The lead A/E shall be (1) an architect registered pursuant to ORC Chapter 4703, (2) a landscape architect registered pursuant to ORC Chapter 4703, or a (3) professional engineer or (4) professional surveyor licensed pursuant to ORC Chapter 4733.

### I. Evaluation Criteria for Selection

- Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.
- Previous experience compatible with the proposed project (e.g., type, size).
- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Specification writing credentials and experience.
- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

### J. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the email subject line.

**Statements of Qualifications must be submitted electronically by email. Submittals are limited to one email with a maximum file size of 25 MB.**

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
