Project Name Campus Steam System Repairs 2019 Project Number OHU-14773
Project Location Athens Campus Tunnel System

Date posted: 8/17/18

Date revised: N/A

Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. Within the description, the tunnel structure was indicated for evaluation, but within section G, structural engineering was not included. Just wanted to see if the structural was a part of a separate project or if there was an expectation of structural work (maybe it's just a small piece).
 - A. The structural scope of work will not be part of a separate project, and is expected to be a minimal part of this project.
2. Mechanical is listed as the prime. I would assume the repairs specific to the steam/condensate lines is the bulk of the project.
 - A. Correct
