

RFQ Question and Answer List

State of Ohio Standard Forms and Documents

Project Name	Classroom Renovations	Project Number	UTO-190201
	Multiple Buildings, Main Campus		1020-19-201
Project Location	The University of Toledo		

Date posted: 04/25/2018
Date revised: N/A

Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. Will any of the classrooms be used as active learning laboratories with gases or hoods?
A. No.
2. RFQ states "In rooms where furniture is being replaced, the University intends to contract directly with furniture contractor(s). The University similarly intends to contract directly with specialty contractor(s) to upgrade instructional technology in the classrooms." Later, the RFQ states "Interior and Loose Furnishings Design" is a required discipline. Please clarify if the A/E is to provide FFE design and specifications or if the University will direct contract for furnishing selection and quantities.
A. Selected A/E will be responsible for selecting and documenting interior finishes, in conjunction with UT's interior designer. UT will contract directly with furniture contractor(s), and UT's interior designer will provide design and specifications for furnishings selection and quantities.
3. Section 2 of the A/E Selection Rating Form list a potential value of 30 points yet the value column states a maximum of 20 points possible for this category. Will this category be limited to a maximum of 20 points?
A. Selection Criterion 2a is worth a maximum of 10 points. Selection Criteria 2b (max 5 points), 2c (max 10 points) and 2d (max 5 points) are together worth a total of 20 points. The total point value for Selection Criterion 2 (2a + 2b+ 2c + 2d) is 30 points.
