

2018 Ohio School Design Manual Update

General Update

- Changed all references to OSFC to OFCC.

Cost Update

- The regional cost factor and new school construction costs were updated to reflect changes in the current market.
- We solicited input from construction professionals on the current market and considered their input when determining the inflation factor.
- The 2018 inflation factor is 3.19 %.
- No changes were made to the non-construction cost percentages.
- Assessment Cost Guidelines:
 - Regional Cost Factors updated
 - Fire alarm updated

Programmatic Changes - Career Tech

- Our team worked with Ms. Linda O’Conner, Assistant Director Career-Technical Education with ODE to update the CTE program list. This list of 50 programs supports over 500 courses that are offered across the state.
