

RFQ Question and Answer List

State of Ohio Standard Forms and Documents

Project Name	<u>Muskingum River Lock and Dam No. 7 McConnelsville Dam Replacement</u>	Project Number	<u>DNR-190006</u>
Project Location	<u>Muskingum River Parkway</u>		

Date posted: 11/1/18

Below are the questions that have been received since posting the Request for Qualifications

Q: While the RFQ for this project indicates that Criteria Architect/Engineer (C-A/E) services are to be provided, the RFQ also states that the "Delivery Method" is to be Design-Build. Please confirm whether or not a Construction Contractor is to be part of the C-A/E team for this project (to provide the "Build" portion of the Design-Build requirement).

A: A construction contractor is not a part of the C-A/E services. For more information on the general requirements of the C-A/E and Design Build delivery methods, please visit the OFCC website and review the General Conditions and Scope of Services for these type of contracts.

<http://ofcc.ohio.gov/Documents/Agreements-and-Standard-Requirements#128386-professional-services>

Q: Have noted the delivery method will be Design-Build; will a list of offerors who were not selected as the C-A/E be made available as possible teaming partners?

A: Firms that are not selected will be notified and eligible to partner in the Design-Build team. ODNR will not publish a list of firms for review.

Q: I note the construction NTP is May of 2020; would you have an idea (to closest 2-month period) when the D-B RFP will be let?

A: Information on the Design Build selection process will be available at a later date.
