ARTICLE 1 - GENERAL INSTRUCTIONS

1.1 Applicable Law and Forum

1.1.1 The rights of any Bidder or any party to a subsequent Contract shall be governed by the laws of the state of Ohio and only Ohio courts shall have jurisdiction over any action or proceeding related to the Bid or any subsequent Contract. The Bidder irrevocably consents to such jurisdiction.

1.2 Project Scheduling and Coordination

1.2.1 When the Contract Documents refer to a period of time by a number of days, it excludes the first day and includes the last day of the period. If the last day of the period falls on a Saturday, Sunday, or a legal holiday, that day shall be omitted and the period shall end on the next day which is not a Saturday, Sunday, or legal holiday.

1.2.2 The time for completion of the Project indicated on the Bid Form is the time for Contract Completion applicable to the Bidder.

1.2.3 The State may assign all or any portion of its interest in a Contract with one or more of the successful Bidders to another successful Bidder as an agreed condition for an award of the Contract for the respective Bid. The assignment may include, without limitation, the duty to schedule, coordinate, and administer the Contract.

1.2.4 The Contractor is responsible for scheduling the Project, coordinating the Subcontractors, and providing other services identified in the Contract Documents.

1.2.5 By submitting its Bid, the Bidder indicates its understanding that the Contract Sum, based on its Bid and as amended by Change Orders, includes all costs that the Contracting Authority owes the Bidder.

1.3 Written Notice

1.3.1 Notice under the Contract Documents shall be validly given if:

1.3.1.1 delivered personally to a member of the organization for whom the notice is intended;
1.3.1.2 delivered, or sent by registered or certified mail, to the last known business address of the organization; or
1.3.1.3 sent by facsimile, email, or Webweb-based project management software, provided the original signed document is delivered within 3 business days after the date of the electronic transmission.
1.3.2 Notices provided to one Project Participant from another shall be simultaneously copied to the prospective Bidders, the Owner, the Contracting Authority, and the A/E.

ARTICLE 2 - BIDDING PROCEDURES

2.1 Examination of Contract Documents and the Site

2.1.1 Before submitting a Bid, the Bidder shall examine all Contract Documents, including, but not limited to, the Drawings, Specifications, and Addenda for all divisions of Work for the Project, noting in particular all requirements which may affect its Work in any way.

2.1.2 The Bidder’s failure to become acquainted with the extent and nature of Work required to complete any portion of the Work in conformity with the requirements of the Contract Documents, shall not be a basis for additional compensation.

2.1.3 Before submitting a Bid, the Bidder should not only examine and evaluate the Site and related Project conditions where the Work will be performed, but shall also consider when the Work will be performed including, but not limited to, the following:

- 2.1.3.1 the condition, layout, and nature of the Site and surrounding area;
- 2.1.3.2 the availability and cost of labor;
- 2.1.3.3 the availability and cost of materials, supplies, and equipment;
- 2.1.3.4 the cost of temporary utilities required in the Bid;
- 2.1.3.5 the cost of any permit or license required by a local or regional authority having jurisdiction over the Project;
- 2.1.3.6 the usual weather conditions of the Project location;
- 2.1.3.7 conditions bearing upon transportation, disposal, handling, and storage of equipment, materials, and waste; and
- 2.1.3.8 subsurface and concealed physical conditions and related information provided in the Contract Documents.

2.2 Pre-Bid Meeting

2.2.1 The Bidder is encouraged to attend the pre-bid meeting, where the A/E, the Contracting Authority, and the Owner will receive questions regarding the Contract Documents. If not given in Document 00 10 00 – “Solicitation,” the A/E shall issue notice of the time and place of any pre-bid meeting to each registered Plan Holder.

2.2.2 The A/E shall prepare minutes of the pre-bid meeting for the Project record. If questions raised by the prospective Bidders require changes to, or clarifications of, the Contract Documents, the A/E shall issue the changes by written Addendum, along with a list of pre-bid meeting attendees.

2.2.3 Additional compensation shall not be based upon the Bidder’s failure to attend the pre-bid meeting, which results in the Bidder’s incomplete knowledge and familiarity of the Project requirements.

2.3 Request for Interpretation

2.3.1 If the Bidder finds any perceived ambiguity, conflict, error, omission, or discrepancy within the Contract Documents, including the Drawings, Specifications, and Addenda, or between any of the Contract Documents and Applicable Law, the Bidder shall submit a written Request for Interpretation (“RFI”) to the A/E for an interpretation or clarification.

- 2.3.1.1 The Bidder is responsible for prompt delivery of the RFI.
- 2.3.1.2 The A/E shall respond to RFIs received more than 7 days before the bid opening.
2.3.2 The A/E shall issue Addenda in response to RFIs that modify or clarify the Contract Documents. Any Addenda issued within 72 hours before any bid opening (excluding Saturdays, Sundays, and legal holidays) shall extend the bid opening date by 7 days pursuant to Section 3.3.1.

2.3.2.1 The Addenda may be delivered via facsimile or e-mail, posted to a Webweb or FTP site, or otherwise furnished to each registered Plan Holder.

2.3.3 Any interpretation or clarification of the Contract Documents made by any Person other than the A/E, in any manner other than a written Addendum, shall not be binding, and the Bidder shall not rely upon the interpretation or clarification.

2.3.4 The successful Bidder shall not be compensated for a claim alleging insufficient data, incomplete, ambiguous, conflicting, or erroneous Contract Documents or proposed Contract Documents, or assumed conditions regarding the nature, extent, or character of the Work, if the Bidder did not submit a related RFI prior to the bid opening.

2.4 Basis of Design and Acceptable Components

2.4.1 The Contract Documents may list components produced by specific manufacturers to denote kind, quality, or performance requirements.

2.4.2 The component listed first is the Basis of Design Component.

2.4.3 Other listed components are Acceptable Components.

2.4.3.1 If the Bidder includes an Acceptable Component in its Bid, the Bidder is responsible for the costs of coordination and modification required.

2.5 Substitutions Prior to Bid Opening

2.5.1 If the Bidder proposes to use an article, device, material, equipment, form of construction, fixture, or item other than the Basis of Design or Acceptable Components named in the Specifications, the Bidder shall certify that the proposed item is equal in quality and all aspects of performance and appearance, to the item specified.

2.5.1.1 If approval of a Substitution requires changes to the Contract Documents or affects the work of other trades, the Bidder is responsible for the additional costs, including, but not limited to, changes to the design by the A/E.

2.5.2 The Bidder shall submit its request for Substitution to the A/E no later than 10 days prior to the bid opening, which must include:

2.5.2.1 the name and complete description of the proposed Substitution, including Drawings, performance and test data, and other information necessary for a complete evaluation; and

2.5.2.2 a statement setting forth any changes that the Proposed Substitution will require in the Contract Documents or the Project.

2.5.3 If the A/E approves the Proposed Substitution, the A/E shall issue an Addendum.

2.5.4 If the A/E does not approve the Proposed Substitution, the A/E shall inform the Bidder of its decision, which is final. The A/E may reject a proposed Substitution because the Bidder failed to provide sufficient information to enable the A/E to completely evaluate the Proposed Substitution without causing a delay in the scheduled bid opening.

2.5.5 Proposed Substitutions received by the A/E less than 10 days prior to the bid opening shall not be considered.
2.6 Bid Form

2.6.1 Each Bid shall be submitted on the Bid Form and sealed in an envelope clearly marked as containing a Bid, indicating the Contracting Authority’s Project number and name, construction trade of the Bid, and the date and time of the bid opening on the envelope. Refer to Section 3.1.2 for requirements related to envelope markings.

2.6.1.1 Any change, alteration, omission, or addition in the wording of the Bid Form shall cause the Bid to be rejected as non-responsive.

2.6.1.2 All pages of the Bid Form, including a completed “Bidder Affirmation and Disclosure” page acknowledging that the Bidder affirms, understands, and will abide by the requirements of Executive Order 2011-12K, and a completed “Commitment to Participate in the EDGE Business Assistance Program” page, shall be submitted with the Bid. Failure to do so may cause the Bid to be rejected as non-responsive.

2.6.1.3 Unless the Bidder withdraws the Bid as provided in Article 4, the Bidder is required to comply with all requirements of the Contract Documents, regardless of whether the Bidder had actual knowledge of the requirements and regardless of any statement or omission made by the Bidder that might indicate a contrary intention.

2.6.2 The Bidder shall fill in all relevant blank spaces on the Bid Form by printing in ink or by typewriting, and not in pencil.

2.6.2.1 The Bidder shall show all bid amounts in both words and figures. In the case of a conflict between the words and figures, the amount shown in words shall govern, where the words are not ambiguous. When the Bidder's intention and the meaning of the words are clear, omissions, or misspellings of words shall not render the words ambiguous.

2.6.2.2 The Bidder shall initial alteration or erasure of items filled in on the Bid Form.

2.6.3 If the Bidder is a corporation, partnership, or sole proprietorship, an officer, partner or principal of the Bidder shall print or type the legal name of the Bidder on the line provided, and sign the Bid Form. If the Bidder is a joint venture, an officer, partner or principal, as applicable, of each member of the joint venture shall print or type the legal name of the applicable member on the line provided, and sign the Bid Form on behalf of that member. All signatures must be original.

2.7 Allowances

2.7.1 If Allowances are provided on the Bid Form, the amount of each Allowance shall be included in the Base Bid amount. Allowances shall be used solely for the purpose of determining the adjustment to the Contract Sum for the difference between the amount of the Allowance and the actual cost of the related Work provided.

2.8 Unit Prices

2.8.1 If Unit Prices are requested on the Bid Form, the amount of the scheduled quantities shall be included in the Base Bid amount. Unit prices shall be used solely for the purpose of determining the adjustment to the Contract Sum for the difference between the estimated quantities on the Bid Form and the actual quantities provided.

2.8.2 Unit Prices shall include all materials, equipment, labor, delivery, installation, overhead, profit, and any other cost or expense, in connection with, or incidental to, the performance of that portion of the Work. The Bidder shall submit Unit Prices for all items listed.
2.9 Alternates

2.9.1 If an Alternate is listed on the Bid Form, the Bidder shall fill in the applicable blank with an increased or decreased bid amount and indicate which by circling the word “ADD” or the word “DEDUCT” as applicable. The Contracting Authority reserves the right to accept or reject any or all bid amounts for Alternates, in whole or in part, and in any order.

2.9.1.1 If no change in the bid amount is required, indicate "No Change" or “$0.”

2.9.1.2 Failure to make an entry or an entry of "No Bid,” “N/A,” or similar entry on any Alternate shall cause the Bid to be rejected as non-responsive if that Alternate is selected.

2.9.1.3 Failure to indicate a negative number by circling “DEDUCT,” preceding the number by a minus sign, or enclosing the number in parentheses will indicate the Bidder’s intent to increase the Base Bid by the amount entered in the applicable blank.

2.9.1.4 If an Alternate is not selected, an entry as listed in Section 2.9.1.2 on that Alternate shall not, by itself, render a Bid non-responsive.

2.10 Submittals with Bid Form

2.10.1 The Contracting Authority shall reject a Bid as non-responsive if the Bidder fails to submit the following with the Bid Form in a sealed envelope:

2.10.1.1 A Bid Guaranty as provided in Article 5, meeting the requirements of Ohio Revised Code ("O.R.C") Sections 153.54 and 153.571.

2.11 Changes in the Bid Amount

2.11.1 Any change to a previously submitted Bid shall be in writing and received by the Contracting Authority before the time scheduled for the bid opening.

2.11.2 Changes shall provide an amount to be added to, or subtracted from, the bid amount, so that the final bid amount may be determined only after the sealed envelope is opened.

2.11.3 If the Bidder’s written instruction reveals the bid amount in any way prior to the bid opening, the Contracting Authority may, in its sole discretion, reject the Bid as non-responsive.

ARTICLE 3 - BID OPENING AND EVALUATION

3.1 Delivery of Bid

3.1.1 The Bidder shall submit its Bid to the Contracting Authority at the location indicated in Document 00 10 00 - “Solicitation” prior to the time scheduled for the bid opening.

3.1.2 If the sealed bid envelope is enclosed in another envelope for the purpose of delivery, the exterior envelope shall also be clearly marked as containing a Bid with the Project name and Project number, construction trade of the Bid, and the date and time of the bid opening shown on the envelope.
3.1.3 Bids that arrive at the location designated in Document 00 10 00 - “Solicitation” after the time set for the bid opening shall not be opened or considered.

3.2 Bid Opening

3.2.1 Sealed Bids shall be received at the location designated in Document 00 10 00 - “Solicitation” until the time stated when all Bids shall be opened, read aloud, and the tabulation made public.

3.2.2 The public opening and reading of Bids is for informational purposes only and is not to be construed as an acceptance or rejection of any Bid submitted.

3.2.3 The contents of the bid envelope are public records and open for inspection, upon request, at any time after the bid opening, except for any information that is not defined as a public record under Ohio law.

3.3 Bid Opening Extension

3.3.1 If an Addendum is issued within 72 hours prior to the published time for the bid opening, excluding Saturdays, Sundays and legal holidays, the bid opening shall be extended 7 days. If the Contracting Authority approves, the bid opening may be extended for more than 7 days, and consideration for additional advertising may be recommended.

3.3.2 As part of issuing any Addendum earlier than 72 hours prior to the published time for the bid opening, excluding Saturdays, Sundays and legal holidays, only the Contracting Authority may approve a revised bid opening date or additional advertising.

3.4 Bid Evaluation Criteria

3.4.1 The Contracting Authority reserves the right to accept or reject any or all Bids, in whole or in part, and reserves the right to award the Contract to any remaining Bidder the Contracting Authority determines, in its sole discretion, to have submitted the lowest responsive and responsible Bid.

3.4.2 The Contracting Authority reserves the right to accept or reject any or all Alternates. Alternates may be accepted or rejected in any order.

3.4.3 If any Bidder has engaged in collusive bidding, the Contracting Authority shall reject that Bidder’s Bid as non-responsive for the Contract. A collusive bidder may also be debarred from future State Contracts.

3.4.4 The Contracting Authority reserves the right to waive, or to allow any Bidder a reasonable opportunity to cure a minor irregularity or technical deficiency in a Bid, provided the irregularity or deficiency does not affect the bid amount, or otherwise give the Bidder a competitive advantage. Noncompliance with any material requirements of the Contract Documents shall cause a Bid to be rejected as non-responsive.

3.4.5 If, in the opinion of the Owner, the award of the Contract to the lowest Bidder is not in the best interest of the State, with the written consent of the Contracting Authority, the Owner may accept, in its discretion, another Bid so opened, or the Contracting Authority may reject all Bids and advertise for other Bids. The advertisement shall be for the period, in the form, and in the publications directed by the Contracting Authority.

3.5 Bid Evaluation Procedure

3.5.1 The Contract shall be awarded to the lowest responsive and responsible Bidder as determined in the discretion of the Contracting Authority, or all Bids may be rejected in accordance with Applicable Law.

3.5.1.1 In determining which Bid is the lowest, the Contracting Authority shall consider the Base Bid and the bid amounts for any Alternate, or Alternates, which the Owner decides, in its sole discretion, to accept.

3.5.1.2 The total of the bid amounts for the accepted Alternate(s) shall be added to, or deducted from, the Base Bid, as applicable, for determining the lowest Bidder.
3.5.1.3 If two Bidders submit the same bid amount and both are determined to be responsive and responsible, the Contracting Authority may select one Bidder by the flip of a coin, which shall be conducted in the presence of both Bidders and shall be final.

.1 If one of the Bidders refuses to participate in, or fails to be present at, the flip of a coin, the remaining Bidder shall be selected.

3.5.2 A Bidder for a Contract shall be considered responsive if the Bidder's Bid responds to the Contract Documents in all material respects and contains no irregularities or deviations from the Contract Documents that would affect the amount of the Bid or otherwise give the Bidder a competitive advantage.

3.5.2.1 A Bid shall be rejected as non-responsive if the Bid contains a Bid Guaranty executed by a Surety not licensed in Ohio or a Bid Guaranty that is otherwise determined to be insufficient by the Contracting Authority.

3.5.2.2 The Bidder may be subject to a Pre-Award Affirmative Action Compliance Review pursuant to OAC Section 123:2-5-01 of the Ohio Administrative Code (“O.A.C”) including a review of the Bidder’s employment records and an on-site review.

.1 The Bidder must submit the information requested no later than 10 days after receipt of the request. Failure to timely respond to this request for records may result in the Bidder being found non-responsive.

3.5.2.3 If the lowest Bidder is non-responsive, the Bidder shall be notified according to Section 3.6.

3.5.3 In determining whether a Bidder is responsible, factors to be considered include, without limitation:

3.5.3.1 preferences required by law, where applicable;

3.5.3.2 the experience of the Bidder;

3.5.3.3 the financial condition of the Bidder;

3.5.3.4 the conduct and performance of the Bidder on previous Contracts, including compliance with Equal Employment Opportunity in the Construction Industry Administrative Rules, OSHA and Prevailing Wage laws, and demonstration of good faith effort to participate in the EDGE Business Development program, or actual participation in the EDGE Business Development program, or both, as indicated in the O.R.C. and the O.A.C Ohio Administrative Code;

3.5.3.5 the facilities of the Bidder;

3.5.3.6 the management skills of the Bidder, including the capability of the Bidder to construct and manage the entire Project, including but not limited to the plumbing, fire protection, heating, ventilating and air conditioning, and electrical branches or classes of the Work; and

3.5.3.7 the Bidder's ability to execute the Contract properly, including past performance of the Bidder and the Subcontractors that the Bidder proposes to use on the Project.

3.5.4 The A/E shall obtain from the lowest responsive Bidder any information the Contracting Authority determines appropriate to consideration of factors showing responsibility. If the lowest responsive Bidder is responsible, the Contract shall be awarded to that Bidder, unless all Bids are rejected. The Bidder shall provide all requested information within 3 days of a request from the A/E, or a longer period, if the Contracting Authority consents in writing.

3.5.5 If the lowest responsive Bidder is not responsible, the Contracting Authority shall evaluate the next lowest Bidder according to the procedures set forth in this Section 3.5 until the Contract is awarded, all Bids are rejected, or all responsive Bidders are determined to be not responsible.

3.6 Rejection of Bid

3.6.1 If the lowest Bidder is not responsive or responsible, the Contracting Authority shall reject the Bid and notify the Bidder in writing by Certified Mail of the finding and the reasons for the finding.
3.6.2 Ten Percent Rule.

3.6.2.1 If the lowest responsive and responsible Bid for the Contract, including the Base Bid and accepted Alternates if any, exceeds an amount 10 percent greater than the published Estimated Construction Cost for the Contract, the Contracting Authority shall reject all Bids.

3.6.3 A Bidder notified in accordance with Section 3.6.1 may object to its rejection by filing a written protest, which must be received by the Contracting Authority within 5 days of the notification provided pursuant to Section 3.6.1.

3.6.4 Upon receipt of a timely protest, the Contracting Authority shall meet with the protesting Bidder to hear its objections. O.R.C. Chapter 119 administrative hearing requirements are not applicable to the bid protest meeting.

3.6.4.1 No Contract award shall become final until after the Contracting Authority has met with all Bidders who have timely filed protests and the award of the Contract is affirmed by the Contracting Authority.

3.6.4.2 If all protests are rejected, the Contract shall be awarded to the lowest responsive and responsible Bidder, or all Bids shall be rejected.

3.7 Notice of Intent to Award

3.7.1 The Contracting Authority shall notify the apparent successful Bidder that upon satisfactory compliance with all conditions precedent for execution of the Contract, within the time specified, the Bidder shall be awarded the Contract.

3.7.2 The Contracting Authority reserves the right to rescind any Notice of Intent to Award if the Contracting Authority determines it issued the Notice of Intent to Award in error, or if the conditions precedent for execution of Contract set forth in Article 6 are not met.

ARTICLE 4 - WITHDRAWAL OF BID

4.1 Withdrawal prior to Bid Opening

4.1.1 A Bidder may withdraw a Bid after the Contracting Authority receives the Bid, provided the Bidder makes a request in writing and the Contracting Authority receives the request prior to the time of the bid opening, as determined by the Contracting Authority.

4.2 Withdrawal after Bid Opening

4.2.1 The Bid shall remain valid and open for acceptance for a period of 60 days after the bid opening; provided, however, a Bidder may withdraw a Bid from consideration after the bid opening if the bid amount was substantially lower than the amounts of other Bids, providing the Bid was submitted in good faith, and the reason for the bid amount being substantially lower was a clerical mistake, as opposed to a judgment mistake, and was actually due to an unintentional and substantial arithmetic error or an unintentional omission of a substantial quantity of Work, labor, or material made directly in the compilation of the bid amount.

4.2.1.1 Notice of a request to withdraw a Bid shall be made in writing filed with the Contracting Authority within 2 business days after the bid opening. The Contracting Authority reserves the right to request the Bidder to submit evidence substantiating the Bidder’s request to withdraw the Bid.

4.2.1.2 No Bid may be withdrawn under Section 4.2.1 which would result in awarding a Contract involving the same item on another Bid to the same Bidder.

4.2.2 If a Bidder withdraws its Bid under Section 4.2.1, the Contracting Authority may award the Contract to the next lowest responsive and responsible Bidder, or reject all Bids and advertise for other Bids. In the event the Contracting Authority advertises for other Bids, the withdrawing Bidder shall pay the costs, in connection with the re-bidding, of printing new Contract Documents, required advertising, and printing and mailing of...
notices to prospective Bidders, if the Contracting Authority finds that these costs would not have been incurred but for the withdrawal.

4.2.3 A Bidder may withdraw the Bidder’s Bid at any time after the 60-day period described in Section 4.2.1 by giving written notice to the Contracting Authority.

4.3 Refusal to Accept Withdrawal

4.3.1 If the Contracting Authority contests the right of a Bidder to withdraw a Bid pursuant to Section 4.2.1, a hearing shall be held within 10 days after the bid opening and the Contracting Authority shall issue an order allowing or denying the claim of this right within 5 days after the hearing is concluded. The Contracting Authority shall give the withdrawing Bidder timely notice of the time and place of the hearing.

4.3.1.1 The Contracting Authority shall make a stenographic record of all testimony, other evidence, and rulings on the admissibility of evidence presented at the hearing. The Bidder shall pay the costs of the hearing.

4.3.1.2 Pursuant to O.R.C. Section 119.12, the Bidder may appeal the order of the Contracting Authority required by Section 4.3.1.

4.4 Refusal to Perform

4.4.1 In the event the Contracting Authority denies the request for withdrawal and the Bidder refuses to perform the Contract, the Contracting Authority may reject all Bids or award the Contract to the next lowest responsive and responsible Bidder.

4.5 Effect of Withdrawal

4.5.1 A Bidder, who is permitted to withdraw a Bid under Section 4.2.1, shall not supply material or labor to, or perform a subcontract or other work for, the Person to whom the Contract is awarded; or otherwise benefit, directly or indirectly, from the performance of the Project for which the withdrawn Bid was submitted; without the Contracting Authority’s prior written consent.

ARTICLE 5 - BID GUARANTY AND BOND

5.1 Bid Guaranty

5.1.1 The Bidder shall submit a Bid Guaranty with the Bidder’s Bid, payable to the Contracting Authority, in the form of either:

5.1.1.1 the signed Document 00 43 13 - “Bid Security Form” contained in the Contract Documents for the amount of the Base Bid plus all additive Alternates; or

5.1.1.2 a certified check, cashier’s check, or letter of credit, for 10 percent of the Base Bid, plus all additive Alternates – a letter of credit shall expressly provide that it is revocable only by the Contracting Authority.

5.1.2 The Bid Guaranty shall be in form and substance satisfactory to the Contracting Authority and shall serve as an assurance that upon acceptance of the Bid, the Bidder shall comply with all conditions precedent for Contract execution, within the time specified by the Contracting Authority.

5.1.3 If the blank line on the Bid Guaranty and Contract Bond is not filled in, the penal sum shall be the full amount of the Base Bid plus all additive Alternates. If the blank line is filled in, the amount shall not be less than the full amount of the Base Bid plus all additive Alternates, stated in dollars and cents. A percentage is not acceptable. In the event the blank line is filled in for an amount less than the full amount of the Base Bid plus all additive alternates, the Bid shall be rejected as non-responsive.
5.1.4 An authorized agent must sign the Bid Security Form, and the Bidder shall provide a Power of Attorney from the Surety. A Surety authorized by the Ohio Department of Insurance to transact business in Ohio must issue the Bid Security Form.

5.1.5 The requirements of O.R.C. Section 3901.86 may be applicable requiring an Ohio resident agent countersign the Bid Guaranty and Contract Bond. The Bidder shall determine the applicability of this provision.

5.1.6 Bid Guaranties in the form of a certified check, cashier's check, or letter of credit shall be returned to unsuccessful Bidders 60 days after the bid opening. Bid Guaranties in the form of a certified check, cashier's check, or letter of credit shall be returned to the successful Bidder upon providing Document 00 61 13 - “Performance and Payment Bond Form” from a Surety satisfactory to the Contracting Authority.

5.2 Forfeiture of Bid Guaranty

5.2.1 If for any reason, other than as authorized by Section 4.2.1 or 5.3, the Bidder fails to execute the Contract Form Agreement, and the Contracting Authority awards the Contract to another Bidder, which the Contracting Authority determines is the lowest responsive and responsible Bidder:

   5.2.1.1 The Bidder who failed to execute the Contract Form Agreement is liable to the State for the difference between its Bid and the Bid of the next lowest responsive and responsible Bidder, or for a penal sum not to exceed ten percent of the bid amount, whichever is less.

5.2.2 If the Contracting Authority then awards a Contract to another Bidder, which the Contracting Authority determines is the lowest responsive and responsible Bidder and that Bidder fails or refuses to execute the Contract Form Agreement:

   5.2.2.1 The liability of the lowest responsive and responsible Bidder shall be the difference between the bid amount of the lowest responsive and responsible Bidder and another Bidder which the Contracting Authority determines is the lowest responsive and responsible Bidder, except as provided in Section 5.3, but not in excess of the liability specified in Section 4.2.2.

   5.2.2.2 The liability on account of an award to the lowest responsive and responsible Bidder beyond the third lowest responsive and responsible Bidder shall be determined in like manner.

5.2.3 If the Contracting Authority does not award the Contract to another Bidder under Section 5.2.2, but submits the Project for re-bidding:

   5.2.3.1 The Bidder failing or refusing to execute the Contract Form Agreement is liable to the State for a penal sum not to exceed 10 percent of the Bidder's bid amount or the costs in connection with the resubmission of printing new Contract Documents, required advertising, and printing and mailing notices to prospective Bidders, whichever is less, except as provided in Section 5.3.

5.3 Exception to Forfeiture

5.3.1 A Bidder for a Contract with the State costing less than $500,000 may withdraw its Bid from consideration if its Bid for another Contract with the State for less than $500,000 has already been accepted if:

   5.3.1.1 the Bidder certifies in good faith that the total amount of its current contracts is less than $500,000; and

   5.3.1.2 the Bidder's Surety certifies in good faith that the Bidder is unable to perform the subsequent Contract because such performance would exceed the Bidder's bonding capacity.

5.3.2 If a Bid is withdrawn pursuant to Section 5.3.1:

   5.3.2.1 the Contracting Authority may award the Contract to another Bidder which the Contracting Authority determines is the lowest responsive and responsible Bidder or reject all Bids and submit the Project for re-bidding; and
5.3.2.2 neither the withdrawing Bidder nor the Bidder's Surety shall be liable for the difference between the Bidder's Bid and that of the next lowest responsive and responsible Bidder for a penal sum, or for the costs of printing new Contract Documents, required advertising, and printing and mailing notices to prospective Bidders.

5.4 Bond

5.4.1 Prior to signing the Contract Form Agreement, the Bidder shall provide the Bond required by law in form and substance satisfactory to the Contracting Authority, and from a Surety licensed to do business in the state of Ohio and satisfactory to the Contracting Authority.

5.4.1.1 If the Bidder provided Document 00 43 13 - “Bid Security Form,” described in Section A.5.1.1, as its Bid Guaranty then that form shall be the Bond.

5.4.1.2 If the Bidder provided another form of Bid Guaranty, described in Section A.5.1.2, then Document 00 61 13 - “Performance and Payment Bond Form,” described in Section A.5.6, shall be the Bond.

5.4.1.3 The Bidder shall not be required to provide both forms described above.

5.4.2 The Bond must be in the full amount of the Contract to indemnify the State against all direct and consequential damages suffered by failure of the Contractor to perform according to the provisions of the Contract and in accordance with the Plans, Specifications, details, and bills of material therefore and pay all lawful claims of Subcontractors, Material Suppliers, and laborers for labor performed or materials furnished in performing and completing the Contract.

6.1.9 Evidence that the Bidder is enrolled in, and in good standing in, a DFSP approved by the OBWC.
6.1.10 Bid Information Escrow.

6.1.10.1 Scope and Purpose: The purpose of this requirement is to preserve, for any Contract of $2,000,000 or more, the Bid Information as defined in Section 6.1.10.2 of the successful Bidder for use by the Contracting Authority in any claim or litigation arising out of the Contract. The Bidder shall submit to the Contracting Authority a legible copy of all Bid Information used to prepare the Bidder’s Bid for the Contract. The Contracting Authority shall place the documentation in escrow with a bonded storage facility.

6.1.10.2 Bid Information:

.1 “Bid Information” as used in this section includes all writings, working papers, computer printouts, charts and any and all other documentation or data compilations which contain or reflect information, data and calculations used by the Bidder to prepare or determine the Bid submitted by the Bidder for the Project. Bid Information includes, but is not limited to, the Bidder’s equipment rates, profit margins, overhead rates, labor rates, efficiency or productivity factors, arithmetic extensions, and quotations from Subcontractors and Material Suppliers to the extent that the rates and quotations were used by the Bidder in determining its Bid. Bid Information also includes any manuals or computer programs used by the Bidder in determining its Bid. The manuals or programs may be included in the Bid Information by reference, which shall include the name and date of the publication, publisher, or program where the manuals or programs are readily available to the Contracting Authority. Bid Information shall not include anything provided by the Contracting Authority for use in submitting a Bid.

.2 The Bidder agrees that the Bid Information constitutes all information used by Bidder in the calculation, preparation, or determination of its Bid. The Bidder agrees that it may not rely upon any other pre-bid information in making or pursuing claims. Bidder also understands and agrees that nothing in the Bid Information will change or modify the provisions of the Contract Documents.

The Bid Information shall remain in escrow during the term of the Contract or until the Bidder files a claim or initiates litigation against the Contracting Authority related to the Contract. Receipt of the Bidder’s claim, or of a complaint initiating litigation against the Contracting Authority, shall entitle the Contracting Authority to obtain the release and custody of the Bid Information for purposes of review. If no claim or litigation is received and the Bidder has otherwise released claims against the State, the Contracting Authority shall instruct the bonded document storage facility to release the sealed container to the Bidder.

6.1.10.5 Refusal or Failure to Provide Bid Information: Failure or refusal to provide the Bid Information within the approved time shall constitute a refusal to execute the Contract. If the Bidder refuses to execute the Contract, the Contracting Authority may enforce the Bid Guaranty and award the Contract to the next lowest responsive and responsible Bidder.

6.1.10.6 Confidentiality of Bid Information: The Bid Information in escrow is a trade secret if the Bidder certifies it as a trade secret in the Bid Information Escrow Agreement and Affidavit. The Bid Information
shall remain the property of the Bidder, unless the Contractor certifies a claim or initiates litigation against the State. In the event of a claim or litigation, the Bid Information shall become the property of the Contracting Authority. The Contracting Authority shall keep the Bid Information confidential, to the fullest extent permitted by law. In the event any dispute arises with any other Person about whether the other Person should be given access to the Bid Information, the Contractor agrees to indemnify the Contracting Authority and the Owner against all costs, expenses, and damages, including attorney fees, incurred or paid due to the request for disclosure.

If the Contract is awarded to a Bidder subject to an unresolved finding for recovery under O.R.C. Section 9.24, the Contract is void on its face and the Contractor shall immediately repay to the Owner any funds paid under the Contract.

6.20.5.4 The A/E may hold Samples and other submittals used to coordinate finishes, colors, patterns, textures, or other characteristics until submittals for adjacent materials are available. Those costs and damages may include, but are not limited to, the related fees and charges of contractors, engineers, architects, attorneys, and other professionals; the cost of correcting or replacing adjacent work; and any consequential damages. The State Contracting Authority may deduct those costs and damages it incurs from payments then or thereafter due the Contractor. If payments then or thereafter due the Contractor are not sufficient to cover those amounts, the Contractor shall immediately pay the amount of the insufficiency to the State Owner.

6.24 Acceptance of Defective Work

6.24.1 The Owner may accept any Defective Work instead of requiring its removal or correction, in which case the Contract Sum must be equitably reduced as described under 6.29.3.

6.24.1.1 The Owner may only accept Defective Work through a deduct Change Order which makes explicit reference to this Section 6.24.

Owner of the scheduled time of the A/E’s Review.

.2 Within 3 business days after the A/E’s Review, the A/E shall provide to the Contractor a list of
Defective, incomplete, or unacceptable Work (“A/E’s Punch List”). The A/E shall include
comments from the Contracting Authority and the Owner in the A/E’s Review Punch List.

.3 The A/E’s failure to include an item on the A/E’s Punch List shall not alter the Contractor’s
responsibility to complete the Work in accordance with the Contract Documents.

.4 If the A/E accepts the request and subsequently determines that the Work is not in conformity
with the Contract Documents, the A/E may request compensation for expenses related to
excessive Punch List activities. The Contracting Authority may deduct that additional
compensation to the A/E from payments then or thereafter due the Contractor. If payments then
or thereafter due the Contractor are not sufficient to cover those amounts, the Contractor shall
immediately pay the amount of the insufficiency to the Contracting Authority Owner.

6.18.46.26.3 Completion of Punch List Items.

date of Final Contract Completion, the Contractor shall complete all items on the A/E’s Punch List. After
completing all items on the A/E’s Punch List, the Contractor shall provide a written request for Final
Inspection of the Work to the A/E.

.1 If completion of the A/E’s Punch List cannot be timely completed, the Contractor
shall justify in writing to the reasonable satisfaction of the A/E the reasons the items cannot be
completed, and the Contractor may propose, for the A/E’s approval, a time when the Contractor
shall complete those items.

.2 Within 3 business days of receipt of the Contractor’s notice that all Punch List items have been
completed, the A/E shall complete a Final Inspection of the Work for compliance with the
Contract Documents.

.3 If multiple inspections of items on the A/E’s Punch List are required due to the Contractor’s
failure to properly and timely complete them, the Contractor shall pay any additional costs
incurred by the A/E, the Owner, and the Contracting Authority resulting from any attendant
delay. The Contracting Authority may deduct those additional costs from payments then or
thereafter due the Contractor. If payments then or thereafter due the Contractor are not sufficient to
cover those amounts, the Contractor shall immediately pay the amount of the insufficiency to
the Contracting Authority Owner.
6.18.4.2 Notwithstanding any other provision of the Contract Documents, the Final Inspection of the Work or the issuance of Final Acceptance constitutes neither an acceptance of any Defective Work, nor a waiver of any rights set forth in the Contract Documents or otherwise provided by Applicable Law.

6.18.4.36.26.3.2 If the Project is administered using OAKS CI, the Contractor shall receive the A/E’s Punch List and submit its written request for Final Inspection of the Work, using the OAKS CI “Punch List” business process.

7.1 Changes in the Work

ARTICLE 7 - CONTRACT MODIFICATIONS

7.1 General

7.1.1 The Contracting Authority may order changes in the Work without invalidating the Contract. Subject to the limitations stated in this Article 29.3 and elsewhere in the Contract Documents, a change in the Work may be accomplished by a Change Order, Change Directive, or an order for a minor change in the Work.

7.1.1.1 The Contractor shall proportionately increase the amount of the Bond whenever the Contract Sum is increased.

7.1.1.2 If notice of any change affecting the Contract is required by the provision of any Bond, the giving of the notice is the contractor’s responsibility, and the amount of each applicable Bond shall be adjusted accordingly.

7.1.2 The Contractor shall not proceed with any change in the Work without the Contracting Authority’s prior written authorization, except as provided in Sections 1.10 and 7.5.

7.1.2.1 Except as provided in Section 1.21, the Contractor’s failure to obtain prior written authorization for a change in the Work constitutes a waiver by the Contractor of an adjustment to the Contract Sum or Contract Time, or both, for the related Work.

7.1.3 The Contractor shall perform all changes in the Work under the applicable provisions of the Contract Documents, and the Contractor shall proceed promptly with the change unless otherwise provided in the Change Order, Change Directive, or order for a minor change in the Work.

7.1.4 Paperwork Consolidation.

7.1.4.1 Related Contract modifications, with the same or similar justification (e.g., Owner Request or Field Condition resolution), may be consolidated into the same change-related document.

7.1.4.2 Add and deduct Contract modifications, with the same or similar justification, may be included on the same Change Order.

7.1.4.3 Contract modifications resulting from errors or omissions shall not be combined with other modifications for which the A/E will receive a fee.

7.1.5.1 The A/E shall assign a number to each Change Order Modification, which shall uniquely identify it.

7.1.5.2 The A/E shall not duplicate or reuse any number throughout the Project or reuse assigned numbers for Proposal Requests that are initiated but cancelled in progress.

7.1.5.3 The number for each Change Order shall be coordinated with any associated Proposal Request or Change Directive.

7.1.6 Change Order Log.

7.1.6.1 The A/E shall create and maintain a Change Order Log for the Project, which shall contain the following minimum information:

1. number of the modification;
2. a brief description of the modification;

7.1.7.3 If the actual quantity of a Unit Price item differs from the scheduled quantity by 20 percent or more, so that application of the Unit Price to the quantities of Work proposed would create an undue hardship on either the StateOwner or the Contractor, the A/E shall issue a Proposal Request and subsequent Change Order to adjust the Unit Price.

7.1.7.4 If the actual quantity of a Unit Price item exceeds the scheduled quantity by 20 percent or more, the Contractor shall immediately notify the A/E, who shall issue a Change Directive and subsequent Change Order to authorize an adjustment in the scheduled quantity.

7.2 Change Order Procedure

7.2.1 A Change Order is a written instrument prepared by the A/E and signed executed by the Contracting Authority, the Owner, the A/E, and the Contractor, stating their agreement upon all of the following:

7.2.1.1 a change in the Work;

7.2.1.2 the amount of the adjustment of the Contract Sum, if any; and

7.2.1.3 the extent of the adjustment of the Contract TimeTimes, if any.

7.2.2 In no event shall the Contractor beExcept with the Contracting Authority’s written consent as explicitly provided under Section 7.4.8, the Contractor is not entitled to reserve any rights or take other similar action with respect to a Change Order if the effect or intent of the reservation or action would be to accommodate a further adjustment of the Contract Sum or Contract TimeTimes, or both, after the Contractor signs the Change Order. By signing a Change Order, the Contractor irrevocably certifies that the elements of a Change Order described in Section 7.2.47.2.1 are completely satisfied, and waives all rights, if any, to seek further adjustment of the Contract Sum or Contract TimeTimes, or both, at a later date with respect to the associated change in the Work including without limitation on account of the “cumulative impact” of the associated change in the Work in combination with one or more other changes in the Work.

7.2.3 The A/E shall prepare each Change Order form, attach the supporting documentation, and issue the Change Order to the Contractor for signature.

7.2.4 If the Contractor is in agreement with the Change Order under Section 7.2.1, the Contractor shall sign and return the Change Order to the A/E within 3 days of receiving it.

7.2.4.1 If the Project is administered using OAKS- CI, the Contractor shall indicate its agreement with the Change Order using the OAKS CI “Change Order” business process.

7.2.5 When the A/E receives the Change Order signed by the Contractor, the A/E shall recommend approval by signing the form and transmitting the Change Order and the revised Change Order Log to the Owner.

7.2.6 When the Owner receives the Change Order, the Owner shall sign the form accepting the Change Order, attach certification of funding, and transmit the Change Order to the Contracting Authority; or, if the Owner does not accept the Change Order, the Owner shall reject it and return it to the A/E.

7.2.7 When the Contracting Authority receives the Change Order, the Contracting Authority shall sign the form approving the Change Order, and transmit the fully executed Change Order to all signers; or, if the Contracting Authority does not accept the Change Order, the Contracting Authority shall reject it and return it to the A/E.
7.2.8 When the Change Order is signed by the Contractor, the A/E, the Owner, and the Contracting Authority, the fully executed Change Order modifies the Contract Documents and authorizes and directs the Contractor to proceed, and the Contractor shall promptly proceed with the associated change in the Work.

7.3 Initiation of Change Orders

7.3.1 Proposal Request.

7.3.1.1 The A/E shall prepare and issue a Proposal Request to the Contractor to obtain the Contractor’s Proposal for the adjustment of the Contract Sum or the Contract Time, or both, associated with a modified contemplated Modification.

.1 In any Proposal for an adjustment of the Contract Sum, the Contractor shall specifically identify the items set forth in Section 7.67.

7.3.1.3 The Contractor shall hold the Proposal valid and open for acceptance for at least 45 days. The acceptance period may be adjusted by mutual consent of the Contractor and the Contracting Authority. The time limits described under this Section 7.3.1.3 apply only to Proposals submitted in response to a Proposal Request.

7.3.1.4 A Proposal may be accepted by the Contracting Authority only through a Change Order. A Proposal Request does not authorize the Contractor to proceed with a change in the Work.

7.3.1.5 If the Contractor does not timely submit a Proposal within the time required in Section 7.3.1.3, the Contractor waives its right to an adjustment to the Contract Sum or Contract Time, or both, associated with the contemplated change in the Work.

7.3.1.6 If the Project is administered using OAKS CI, the Contractor shall respond to a Proposal Request issued by the A/E with its Proposal using the OAKS CI “Change Order” business process.

7.3.2 Request for Change Order.

7.3.2.1 The Contractor may initiate a change in the Work by submitting written notice to the A/E accompanied by a Proposal meeting the requirements of Section 7.3.1.

7.3.27.4.2 If a change in the Work must start immediately to avoid an imminent impact to the schedule of the Project, the A/E may prepare a Change Directive for the Contracting Authority’s and Owner’s signatures pursuant to Section 7.3.24.1, authorizing the Contractor to proceed.
7.4.3 A Change Directive shall be used to direct a change in the Work in the absence of total agreement on the terms of a Change Order.

7.4.3.1 For the purposes of clarity, the Contract refers to a Change Directive as if it is only to be used in the absence of total agreement on the terms of a Change Order concerning the associated change of the Work. A Change Directive may also be used in the absence of agreement as to whether the subject of the Change Directive actually constitutes a change in the Work; such as in the situation described under Section 7.5.3.

7.4.4 Upon receipt of a Change Directive, the Contractor shall promptly proceed with the change in the Work involved.

7.4.5 Upon receipt of a Change Directive, the Contractor shall promptly proceed with the change in the Work involved.

7.4.6 Within 14 days after receiving the Change Directive, the Contractor shall respond with a Proposal meeting the requirements of Section 7.3.1 to the A/E and the Contracting Authority for adjustment of the Contract Sum or Contract Time, or both, on account of the change, unless the Change Directive is performed on a time and materials basis under Section 7.3.2.4. 7.4.6.1 The Proposal for the adjustment of the Contract Sum, if any, shall include: (1) written documentation as described under Section 7.67; and (2) a written statement from the Contractor that the proposed adjustment is the entire adjustment in the Contract Sum associated with the change.

7.4.6.2 The Proposal for the change in the Contract Time, if any, shall include: (1) written documentation as described under Section 7.78; and (2) a written statement from the Contractor that the proposed adjustment is the entire adjustment of the Contract Time associated with the change.

7.4.7 If the Contractor does not respond to a Change Directive as required under Section 7.3.2.4.5, the Contracting Authority shall determine the adjustments, if any, of the Contract Sum and Contract Time.

7.4.8 Pending final determination of the total adjustment of the Contract Time on account of a Change Directive, the period of time not in dispute for that change in the Work may be included in the Construction Progress Schedule accompanied by a Change Order indicating the parties’ agreement with part or all of the time adjustment.

7.4.9 If the Contracting Authority, Owner, and Contractor agree on the adjustments of the Contract Sum and Contract Time associated with a Change Directive, the A/E shall prepare an appropriate Change Order within 7 days after receiving the Contractor’s Proposal. The A/E, Contracting Authority, Owner, and Contractor shall promptly sign the Change Order, as described under Section 7.2.

7.4 Minor Changes in the Work

7.4.1 The A/E may, with the Contracting Authority’s approval, order minor changes in the Work not involving adjustment of the Contract Sum or extension of the Contract Time and not inconsistent with the intent of the Contract Documents. Those changes shall be effected by written order issued to the Contractor.

7.4.2 The Contractor shall promptly carry out each order for a minor change in the Work if the Contractor agrees that the order does not involve adjustment of the Contract Sum or Contract Time, or both.

7.4.3 If the Contractor reasonably believes that it would be entitled to an adjustment of the Contract Sum or Contract Time, or both, on account of a minor change in the Work, the Contractor, within 3 business days after receiving the order, shall give the Contracting Authority and the A/E written notice of the Contractor’s position, and not proceed with the subject Work without first receiving a Change Directive or Change Order related to it.

7.4.4 The Contractor waives its right to an adjustment of the Contract Sum or Contract Time on account of an order for a minor change in the Work by:

7.4.4.1 starting the Work which is the subject of the order for a minor change in the Work; or

7.4.4.2 failing to give the notice described under Section 7.4.3 within 3 business days after receiving the order for a minor change in the Work.

7.4.5 If the Project is administered using OAKS_CI, the order for a minor change in the Work shall be documented through the OAKS_CI “Action Items” business process.

7.5.1 “Differing Site Conditions” are either (1) subsurface or otherwise concealed physical conditions encountered at the Site that differ materially from the conditions indicated in the Contract Documents or (2) unknown physical conditions of an unusual nature encountered at the Site that differ materially from those ordinarily found to exist and generally recognized as inherent in construction activities of the character provided for in the Contract Documents.

7.5.2 If the Contractor encounters a Differing Site Condition, the Contractor shall stop Work on that Differing Site Condition and give immediate written notice of the condition to the A/E and the Contracting Authority.

7.5.3 The Contractor’s failure to give notice of the Differing Site Condition as required under this Section 7.5.2 shall constitute an irrevocable waiver of any associated [Claim].
7.5.2.27.6.1.2 The written notice of a Differing Site Condition under this Section 7.5.26.1 shall be required in addition to before the notice of claim Article 8.

7.5.37.6.2 Promptly after receiving notice from the Contractor under Section 7.5.26.1, the A/E shall investigate to determine whether the Contractor has encountered a Differing Site Condition. The A/E shall give written notice of its determination to the Contracting Authority and the Contractor within 10 days after completing the investigation.

7.6.2.1 If the A/E determines that the Contractor has encountered a Differing Site Condition, the A/E shall process an appropriate Change Order.

8.2 Substantiation of Claims

8.3 Substantiation of Claims for Increase of the Contract Sum

8.3.1 The Contractor shall substantiate each claim for an increase of the Contract Sum with:

- written documentation as described under Section 7.67 of the actual additional direct and indirect costs to the Contractor due to the event giving rise to the claim;
- a written statement from the Contractor that the increase requested is the entire increase in the Contract Sum associated with the claim; and

- written documentation as described under Section 7.78 of the actual delay to the critical path of the Construction Progress Schedule due to the event giving rise to the claim;
- a detailed written Proposal as described under Section 7.67 for an increase in the Contract Sum which would fully compensate the Contractor for all costs of acceleration of the Work needed to completely overcome the associated delay together with a statement consistent with Section 8.3.1.2;
- a written statement from the Contractor that the extension requested is the entire extension of the Contract Times associated with the claim; and
- the general substantiating documentation described under Section 8.2.

8.4.2 In addition to the requirements of Section 8.4.1, if adverse weather conditions are the basis for a claim, the Contractor shall document the claim with data substantiating that weather conditions were abnormal for the period, could not have been reasonably anticipated, and had an adverse effect on a critical element of the scheduled construction. The support for and evaluation of all adverse weather claims shall be based upon average weather conditions during the 10 years immediately preceding the dates at issue in the claim as those weather conditions were recorded at the government-controlled weather-recording facility nearest to the Site.

8.4.3 The Contractor’s failure to comply with the requirements of this Section 8.4 shall constitute an irrevocable waiver of any related claim.

8.5 Certification of the Claim

8.5.1 The Contractor shall certify each claim within 30 days after initiating the claim under Section 8.1 or before Contract Completion, whichever is earlier, by providing the notarized certification specified in Section 8.5.1.1, signed and dated by the Contractor:

- “The undersigned Contractor certifies that the claim is made in good faith; that the supporting data is accurate and complete to the best of the Contractor’s knowledge and belief; that the amount requested is a fair, reasonable, and necessary adjustment for which the Contractor believes the State is liable; and that the undersigned is duly authorized to certify the claim on behalf of the Contractor.”
8.5.2 The date that the Contractor’s certified and fully substantiated claim is received by the Contracting Authority, or the date on which the Contractor is required to certify and fully substantiate a claim pursuant to Sections 8.2.1 and 8.5.1, shall trigger the 120-day period for exhaustion of administrative remedies pursuant to O.R.C. Section 153.16(B).

8.5.3 The Contractor’s failure to comply with the requirements of this Section 8.5 shall constitute an irrevocable waiver of any related claim.

8.6 Delay and Delay Damage Limitations; Derivative Claims

8.6.1 Subject to other provisions of the Contract, the Contractor will be entitled to an extension of the Contract Times on account of delay in the commencement or progress of Work on the critical path of the Construction Progress Schedule caused by acts of Nature or the public enemy, acts of the government not arising from the Contractor’s failure to comply with Applicable Law, fires, floods, epidemics, weather, and labor disputes beyond the Contractor’s control.

8.6.2 Notwithstanding any other provision of the Contract Documents to the contrary, the Contractor shall not be entitled to an increase in the Contract Sum, or an extension of the Contract Time, or both:

- on account of the impact of any normal adverse weather on any of the Work or on account of the impact of any abnormal adverse weather on Work not on the critical path;
- to the extent that a delay occurs concurrently with a delay attributable to the Contractor; or
- on account of the delay of any Work not on the critical path.

8.6.3 Notwithstanding any other provision of the Contract Documents to the contrary, the Contractor shall not be entitled to an increase in the Contract Sum or any type of damages on account of a delay in the commencement or progress of Work on the critical path unless (1) the delay is caused by the Owner and (2) the delay was not authorized or permitted under the Contract.

8.6.4 Notwithstanding any other provision of the Contract Documents to the contrary, the Contractor shall not be entitled to an increase in the Contract Sum or any type of damages arising from a delay in the commencement or progress of any of the Work caused by the occurrence or non-occurrence of an event beyond the Owner’s control such as acts of Nature or the public enemy, acts of the government, fires, floods, epidemics, labor disputes, unusual delivery delays, weather, or damages caused by the Contractor.

8.6.5 Notwithstanding any other provision of the Contract to the contrary, if the Owner prosecutes a claim, suit, or appeal against a Separate Consultant or a Separate Contractor to recover damages the Contractor suffers on account of the acts or neglects of a Separate Consultant or a Separate Contractor or a person or entity for whom either is legally responsible, the Owner’s liability to the Contractor will not exceed the amount the Owner actually recovers from the Separate Consultant or the Separate Contractor on account of those damages less the costs the Owner incurs recovering them. The Owner is not obligated to prosecute any such claim, suit, or appeal.

8.7 Liquidated Damages

8.7.1 If the Contractor fails to achieve one or more of the Completion Milestones set forth in the associated Contract Documents, it would be difficult, if not impossible, to determine the Owner’s resulting damages. Therefore, if the Contractor fails to achieve a Milestone within the associated Contract Time, the Contractor shall (at the Owner’s option) pay to or credit the Owner the associated statutory delay liquidated-damages per diem day sum(s) set forth in the Contract Documents determined according to the following schedule for each day that the Contractor fails to achieve a Milestone within the associated Contract Time.

8.7.2 If the Contractor simultaneously fails to achieve two or more Milestones, the Owner shall be entitled to recover the sum of the associated Liquidated Damages per day rates.

8.7.3 The Liquidated Damages described in this Section 8.7 are only intended to compensate the Owner for the direct damages it incurs as a result of the Contractor’s failure to achieve the Milestones within their associated Contract Times.

8.7.4 The Liquidated Damages described in this Section 8.7 are not intended to compensate the Owner for any damages the Owner incurs on account of (1) any claims attributable to the Contractor that are brought by others including Separate Consultants and Separate Contractors or (2) any failure of the Contractor to timely, properly, and completely perform the Contract other than the failure to achieve the Milestones within their associated Contract Times.

8.7.5 The parties acknowledge that the above-listed liquidated-damages per-diem sums are not penalties, and they each irrevocably waive the right (if any) to challenge the validity and enforceability of those liquidated-damages per-diem sums. Notwithstanding any other provision of the Contract Documents to the contrary, if a court determines that the statutory delay liquidated-damages per-diem sum(s) or their application are void and unenforceable, the Owner shall be entitled to recover the actual damages (even if listed in Section 8.8) that it incurs on account of the Contractor’s failure to achieve one or more of the Completion Milestones within the Contract Times.

8.7.6 If the Contractor fails to achieve two or more Completion Milestones, the Owner shall be entitled to recover the sum of the associated per diem rates.

8.7.7 Nothing contained in this Section 8.7 shall preclude the Owner’s recovery from the Contractor of actual damages.

8.7.8 In addition to other rights that the Owner may have relative to the Liquidated Damages, the Owner Contracting Authority may deduct the Liquidated Damages from the Contract Sum as the damages accrue. If payments then or thereafter due the Contractor are not sufficient to cover such amounts, the Contractor shall immediately pay the amount of the insufficiency to the Owner.

8.8 Review of the Claim

8.8.1 The A/E shall review the claim and prepare a written analysis of its content, which shall include:

8.8.1.1 a narrative of the A/E’s examination of the facts giving rise to the claim;

8.8.1.2 identification of relevant Contract Documents and language;

8.8.1.3 an analysis of whether the Contractor complied with the requirements of the Contract Documents pertaining to claim initiation and substantiation including, without limitation, the issues of entitlement to, and calculation of, adjustments of the Contract Sum, Contract Times, or both;

8.8.1.4 an analysis of claimed additional labor, materials, and equipment for the scope of the Work items described;

8.8.1.5 an analysis of any time extension for any interference, disruption, hindrance, impact, or delay claimed (to include the calculation of any concurrent delays affecting entitlement);

8.8.1.6 a concluding opinion regarding Contractor entitlement to, and the appropriateness and reasonableness of all, or any part of, the claims; and
8.8.1.7 an appendix containing copies of contemporaneous documentation supporting the concluding opinion.

8.8.2 The A/E shall submit the written analysis to the Project Manager no more than 30 days after receiving the Contractor’s substantiated and certified claim.

8.9 Claim Decision

8.9.1 The Project Manager shall examine the Contractor’s claim and the A/E’s analysis.

8.9.2 The Project Manager shall approve or deny all, or any part, of the Contractor’s claim and forward a written decision to the Contractor, the A/E, the Owner, and the State Architect within 14 days after receiving the A/E’s analysis.

8.9.2.1 If the Contractor escrowed its bid information into a bonded storage facility pursuant to Article 6 of the Instructions to Bidders (“Bid Information”), the Project Manager may examine the contents of the Contractor’s Bid Information in evaluating any claim of the Contractor for a change in compensation or for mitigation of Liquidated Damages.

8.9.2.2 The Project Manager may employ independent resources to assist in its review, or refer evaluation of the claim to a consultant.

8.9.3 If the Contractor and the Owner agree with the Project Manager’s decision, the decision shall be incorporated into a Change Order.

8.9.4 Any claim remaining unresolved after completion of the process described under this Section 8.9 shall be subject to claim decision review as described under Section 8.10.

8.10 Claim Decision Review

8.10.1 The Contractor may request review of the Project Manager’s decision by written notice delivered by certified mail within 14 days of the Project Manager’s decision.

8.10.1.1 If the Project is administered by the Department through the State Architect’s Office or locally administered by authority granted to an agency by the Department, the written notice shall be delivered to the State Architect.

8.10.1.2 If the Project is locally administered by the State Architect, the written notice shall be delivered to the Institutional Designee who will review the Project Manager’s decision instead of the State Architect.

8.10.2 The State Architect or Institutional Designee, if applicable, shall schedule and conduct a meeting within 30 days after receiving the Contractor’s request for review.

8.10.2.1 If the Contractor escrowed its Bid Information, the State Architect or Institutional Designee, if applicable, may examine the contents of the Bid Information in conjunction with its review.

8.10.2.2 The Contracting Authority may employ independent resources to assist in the meeting and review.

8.10.3 The State Architect or Institutional Designee, if applicable, shall determine the final disposition of the Contractor’s request for review and provide a written decision to the Contractor and the Owner within 14 days after the meeting.

8.10.4 The decision of the State Architect or Institutional Designee is the final administrative decision of the Contracting Authority as described under O.R.C. Section 153.12(B).

8.10.5 If the Contractor and the Owner agree with the State Architect’s or Institutional Designee’s decision, the decision shall be incorporated into a Change Order.
8.10.6 Any claim remaining unresolved after completion of the process described under this Section 8.10 shall be subject to litigation, which may be preceded by Alternative Dispute Resolution (“ADR”) as described under Section 8.11.

8.11 Alternative Dispute Resolution

8.11.1 The intent of the ADR process is to resolve disputes quickly and equitably in a manner agreed upon by all parties to the dispute.

8.11.2 The ADR procedure shall be accepted by all of the Project’s key stakeholders.

8.11.3 The accepted ADR methods shall not include binding arbitration; alter any of the requirements for claim initiation, certification, and substantiation; or alter the administrative process described under this Article 8.

8.11.4 The following forms of non-binding ADR may be considered:

8.11.4.1 Negotiation: If negotiation is warranted, the parties to the dispute may agree to a progressive level of negotiators, invested with the authority to agree to a determination of an adjustment in the Contract Sum, Contract Time, or both, which may include the following:
   - 1. Contractor’s superintendent negotiating with the A/E’s field representative.
   - 2. Contractor’s project manager negotiating with the A/E’s project manager.
   - 4. Contractor’s principal-in-charge negotiating with the Owner’s representative and the Project Manager’s supervisor.

8.11.4.2 Mediation: If mediation is the accepted ADR procedure, or the process to follow when negotiations are unsuccessful, the parties to the dispute shall accept a neutral third party to mediate the dispute. The costs of mediation shall be shared equally among the parties to the dispute.

8.11.4.3 Another ADR procedure accepted by all of the Project’s key stakeholders.

8.12 Audit of the Claim

8.12.1 All claims shall be subject to audit at any time following the filing of the claim, whether or not the claim is part of a lawsuit.

8.12.2 The audit may be performed by employees of the Contracting Authority or by a consultant engaged by the Contracting Authority.

8.12.3 The audit may begin upon 10 days notice to the affected Contractor, or affected Subcontractor, or Material Supplier.

8.12.4 The Contractor shall cooperate with the request.

8.12.5 Failure of the Contractor, Subcontractor, or Material Supplier to produce sufficient records to allow the Contracting Authority to audit and verify a claim shall constitute an irrevocable waiver of the claim or the portion of the claim that could not be completely audited.

8.12.6 The Contractor shall make available to the Contracting Authority all Contractor, and Subcontractor, and Material Supplier documents related to the claim including, without limitation, the following documents:

   8.12.6.1 daily time sheets and superintendent’s daily reports;

10.3.4.3 The Contractor shall maintain the professional liability insurance in effect for no less than 5 years after the earlier of the termination the Contract or Final Acceptance of all Work.

10.3.5 Professional Liability—Subcontractors. 10.3.5.3 The Subcontractor shall maintain the professional liability insurance in effect for no less than 5 years after the earlier of the termination the Contract or Final Acceptance of all Work.

10.3.5.4 If the Subcontractor is not authorized under Applicable Law to directly provide professional design services, the Subcontractor may satisfy the requirements of this Section 10.3.8 by providing a contractor’s professional liability insurance policy.

10.3.6 Aviation Liability. If the Contractor or a Subcontractor uses aircraft, including helicopters, in the performance of the Work, the Contractor shall maintain aircraft or aviation liability coverage in an amount of no less than $10,000,000. 10.3.8 Equipment Coverage. The Contracting Authority and Owner will not insure or be liable for damage to
any Contractor or Subcontractor owned, leased, rented, or borrowed tools, equipment, or vehicles. The
Contractor and Subcontractors are solely responsible for maintaining all insurance necessary to cover their
tools, equipment, and vehicles.

10.3.9 Ocean Marine Insurance. If the shipment of equipment or materials for the Work will not be covered by
the Builder’s Risk insurance required under Section 10.4, the Contractor shall maintain ocean marine insurance
to the Site including cost, insurance, and freight with limits of not less than an amount equal to the full
replacement cost of the equipment/materials shipped to final destination point. The insurance shall include the

10.3.9.7 “Inchmaree” clause;
10.3.9.8 sue and labor;
10.3.9.9 “both-to-blame” coverage;
10.3.9.10 free of particular average;

10.4.10 Additional Property Insurance. For any demolition, blasting, excavating, tunneling, shoring, or
similar operations, the Contractor shall provide and maintain Property Damage Liability insurance with a
limit of liability equal to the limit as specified in the applicable sections of Section Article 10.3.2.

10.4.11 Builder’s Risk Insurance

10.4.11.1 The Contractor shall provide and maintain, during the progress of the Work and until the execution
of the final Certification of Contract Completion by the Contracting Authority, a Builder’s Risk insurance
policy to cover all Work in the course of construction including false-work, temporary buildings and
structures, and materials used in the construction process, stored on or off-site, or while in transit. This
insurance shall be on a special cause of loss form, which provides coverage on an open perils basis insuring
against the direct physical loss of, or damage to, covered property including, but not limited to, theft,
vandalism, malicious mischief, earthquake, tornado, lightning, explosion, breakage of glass, flood, collapse,
water damage, and hot and cold testing. This insurance shall be written on a replacement cost basis and shall
also include debris removal, and/or demolition occasioned by enforcement of Applicable Law.

10.4.11.1.1 The amount of coverage shall be not less than the total completed value of the Project,
including the value of permanent fixtures and decorations, with a deductible of not more than $25,000 per
occurrence. Any deductible over the amount specified must be authorized in writing by the Owner
and the Contracting Authority.

10.4.11.2 Coverage shall include a provision to pay the reasonable extra costs of acceleration and
expediting temporary and permanent repairs to, or permanent replacement of, damaged property. This
shall include overtime wages and the extra cost of "express" or other means for rapidly transporting materials and supplies necessary to the repair or replacement.

10.4.1.3 Coverage shall include “soft cost endorsement” including, but not limited to, the reasonable extra costs of the A/E and reasonable Contractor extension or acceleration costs.

10.4.1.4 Coverage shall include material in transit or stored off-site and identified for the Project.

10.4.1.5 Coverage shall waive all rights between the Owner, the Contracting Authority, the Contractor, and Subcontractors at any tier, for damages caused by fire or any other perils to the extent of actual recovery of any insurance proceeds under the policy.

10.4.1.6 Coverage shall include appropriate sub-limits for installation coverage.

10.4.1.7 Coverage shall include provisions for mechanical or electrical breakdown, or boiler system testing.

10.4.1.8 Coverage shall include temporary structures and scaffolding, along with collapse coverage.

10.4.1.9 Coverage shall be primary to all other applicable insurance.

10.4.1.10 The Builder’s Risk policy shall specifically permit and allow for Partial Occupancy by the Owner prior to execution of the final Certification of Contract Completion by the Contracting Authority and coverage shall remain in effect until all punch list items are completed.

10.4.1.11 The Contractor’s tools and equipment shall not be covered under the Builder’s Risk policy. It is the Contractor’s sole responsibility to maintain such coverage, which shall be included in its overhead and not included as a separate item in the Contractor’s Schedule of Values.

10.4.2 If the Contractor is involved solely in the installation of material and equipment and not in new building construction, the Contractor shall purchase and maintain a Builder’s Risk, Builder’s Risk-Renovations, or Installation Floater insurance policy. The policy must comply with the provisions of Section 10.4.1.

10.5 Insurance Policy Requirements

10.5.1 Each policy of insurance required to be purchased and maintained by the Contractor shall name the State as an additional insured or loss payee as applicable; provided, however, this designation shall not cause any claim between the Contractor and the State to be waived, except as set forth in Section 10.6.

10.5.1.1 Each such certificate of insurance shall expressly provide that the insurer will endeavor to provide no less than 30 days’ written notice to the Contracting Authority in the event of cancellation of the coverage evidenced by the certificate.

10.5.1.2 For each insurance policy required by this Contract, the Contractor shall provide the Contracting Authority with 30 days’ prior written notice of cancellation or non-renewal. Failure to comply with these reporting provisions shall constitute grounds for the Contracting Authority’s termination of the Contract for cause pursuant to Section 11.3.

10.5.2 The Contractor shall furnish the Contracting Authority, when requested, a certified copy of any insurance or additional insured or loss payee endorsement required to be purchased or maintained by the Contract Documents. In no event shall failure of the Contracting Authority to demand a certified copy of any required insurance or endorsement be construed as a waiver of the obligation of the Contractor to obtain required insurance.

10.5.3 The Contractor shall maintain insurance in the required amounts, without interruption, from the date of execution of the Contract until the date of approval of the Certification of Contract Completion by the Contracting Authority. Failure to maintain the required insurance during the time specified shall be cause for termination of the Contract.
10.5.4 Insurance policies required to be purchased and maintained by the Contractor may include a reasonable loss deductible, which shall be the responsibility of the Contractor to pay in the event of loss.

10.5.5 The prompt repair or reconstruction of the Work resulting from an insured loss or damage is the Contractor's responsibility and shall be accomplished at no additional cost to the State.

10.6 Waivers of Subrogation

10.6.1 To the fullest extent permitted by Applicable Law, the Contractor waives all rights against the Owner, the Contracting Authority, and their agents and employees for damages to the extent covered by any insurance, except rights to the proceeds of that insurance. All policies shall accomplish the waiver of subrogation by endorsement or otherwise.

10.6.2 The Owner, the Contracting Authority, and the Contractor waive all rights against each other for damages caused by fire or other perils to the extent of actual recovery of any insurance proceeds under any property insurance, inland marine insurance, or builder's risk insurance applicable to the Work.

10.7 Indemnification for Injury or Damage

10.7.1 To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the Contracting Authority, the Owner, the A/E, and their respective officials, officers, consultants, agents, representatives, and employees, in both individual and official capacities (individually “Indemnified Party”; collectively “Indemnified Parties”), from and against all claims, costs, damages, losses, fines, penalties, and expenses (including the but not limited to all fees and charges of contractors, engineers, architects, construction managers, attorneys, and other professionals; direct, indirect, or consequential and all court, arbitration, or other dispute-resolution costs) arising out of or in connection with the Project.

10.7.2 In the event of, provided that any injury, death, loss, such claim, cost, damage, loss, fine, penalty, or related claims, the Contractor shall give prompt written notice to the Contracting Authority and the Owner, expense (all of which may be direct, indirect, or consequential) is attributable to:

10.7.2.1 bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property but only to the extent caused by the negligent acts, errors, or omissions of the Contractor or a person or entity for whom the Contractor may be liable;

10.7.2.2 infringement of patent rights or copyrights by the Contractor or a person or entity for whom the Contractor may be liable; or

10.7.2.3 a violation of Applicable Law but only to the extent attributable to the Contractor or a person or entity for whom the Contractor may be liable.

10.7.3 The Contractor's indemnification obligation under Section 10.5.1 exists regardless of whether or not and the extent to which the claim, damage, loss, fine, penalty, or expense is caused in part by a party indemnified under Section 10.5.1. But nothing in Section 10.5.1 obligates the Contractor to indemnify any individual or entity from and against the consequences of that individual's or entity's own negligence.

10.7.4 The Contractor's obligations under Section 10.5.1 shall not extend to the liability of the A/E, the A/E's consultants, agents, representatives, or employees for negligent preparation or approval of Drawings, Specifications, Change Orders, opinions, and any other responsibility of the A/E, except to the extent covered by the Contractor's insurance.

10.7.5 The Contractor's obligations under Section 10.7.1 shall not negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to an Indemnified Party.

10.7.6 The Contractor's obligations under Section 10.7.1 shall not limit the Contractor's liability in claims against an Indemnified Party by any direct or indirect employee (or the survivor or personal representative of that employee) of the Contractor or a person or entity for whom the Contractor may be liable, the indemnification obligation under Section 10.5.1 will not be limited by a limitation on the amount or type of damages, compensation, or benefits
payable under workers’ compensation acts, disability benefit acts, or other employee benefit acts, or any insurance policy provided or required in connection with the Project.

10.8 Indemnification for Patent or Copyright Use

10.8.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Indemnified Parties from and against all claims, damages, losses, and expenses (including the fees and charges of engineers, architects, construction managers, attorneys, and other professionals), direct, indirect, or consequential arising out of the Contractor’s infringement of patent rights or copyrights.

10.3.5 The Contractor’s indemnification obligation under Section 10.5.1 will not be limited by any insurance policy provided or required in connection with the Project.

10.3.6 The Contractor’s obligations under Section 10.5.1 shall not negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to an Indemnified Party.

10.3.7 The Contractor’s indemnification obligation under Section 10.5.1 will survive termination of the Contract and Final Acceptance of the Work.

10.3.8 The Contracting Authority may deduct from the Contract Sum the claims, damages, losses, fines, penalties, and expenses for which the Contractor is liable under Section 10.5.1. If those claims, damages, losses, fines, penalties, and expenses exceed the unpaid balance of the Contract Sum, the Contractor shall immediately pay the difference to the Owner.

10.9 Indemnification for Use of Electronic Files

10.9.1 To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Indemnified Parties from and against all claims, damages, losses, and expenses (including, but not limited to, the fees and charges of contractors, engineers, architects, attorneys, and other professionals) arising out of, or related to the Contractor’s, or any other Person’s use of electronic files, including, but not limited to, Computer-Aided Design (“CAD”) or Building Information Modeling (“BIM”) files (collectively “Electronic Files”).

10.9.1.1 These Electronic Files are provided solely for the Contractor’s convenience and use related to the Project. Any use of the Electronic Files shall be at the sole risk of the Contractor.

10.9.1.2 The Owner alone owns the Electronic Files and every right, title, and interest therein from the moment of creation.

10.9.1.3 The Electronic Files are not products.

10.9.1.4 The Contractor shall not use the Electronic Files for any purpose other than as a convenience for preparing Shop Drawings, Coordination Drawings, Record Drawings, or fabrication data for components, systems, and assemblies intended solely for use on the Project.

10.9.1.5 The State and the A/E make no warranties, either express or implied, of the merchantability or fitness of the Electronic Files for any particular purpose.

10.9.1.6 The Contractor understands and accepts that the Electronic Files may deteriorate or be inadvertently or otherwise modified without authorization of the State or the A/E.

10.9.1.7 The State and the A/E make no representations as to compatibility, usability, or readability of the Electronic Files resulting from the use of software, application packages, operating systems, or computer hardware differing from those used to create the Electronic Files.

10.9.1.8 In the event of a conflict between the Contract Documents and the Electronic Files, the Contract Documents shall control, take precedence over, and govern the Electronic Files.

10.9.1.9 The Contractor alone is responsible to check, verify, and otherwise confirm the accuracy of data on the Electronic Files.
The Contractor shall not make any claims and hereby waives, to the fullest extent permitted by law, any claims or causes of action of any nature against the Indemnified Parties, which may arise out of, or in connection with, the use of the Electronic Files.

**Article 11 - SUSPENSION AND TERMINATION**

**ARTICLE 11 - SUSPENSION AND TERMINATION**

**11.1 Suspension of the Work**

11.1.1 The Contracting Authority, without cause and without prejudice to any other right or remedy it may have, may order the Contractor in writing to suspend, delay, or interrupt the performance of the Work in whole or in part for such period as the Contracting Authority may determine.

11.1.1.1 If the Contracting Authority suspends the Work under this Section 11.1.1 and the Contractor complies with Article 8, the Contract Sum and Contract Times shall be adjusted for increases in the cost and time caused by the suspension, delay, or interruption. The adjustment of the Contract Sum, however, shall not include profit.

11.1.1.2 Notwithstanding the foregoing, no adjustment shall be made to the Contract Sum or Contract Times to the extent that:

   .1 performance was, or could have been, suspended, delayed, or interrupted by a cause for which the Contractor is responsible; or

   .2 an equitable adjustment is made or denied under another provision of the Contract.

11.1.1.3 If the Contracting Authority suspends the Work under this Section 11.1.1 and the Contractor submits a proper Contractor Payment Request, but subject to all other provisions of the Contract Documents, the Contractor shall be entitled to payment of compensation due under the Contract Documents for Work performed before the suspension based upon the Schedule of Values.

11.1.2 The Contracting Authority, without prejudice to any other right or remedy it may have, may order the Contractor in writing to suspend, delay, or interrupt the performance of the Work in whole or in part for such period of time as the Contracting Authority may determine for any of the following reasons:

   (1) Defective Work;

   (2) the Contractor is causing undue risk of damage to any part of the Project or adjacent area;

   (3) the Contractor fails to furnish or perform the Work in such a way that the complete Work will conform to the requirements of the Contract Documents; or

   (4) any other cause the Contracting Authority reasonably believes justifies a suspension.

11.1.2.1 The Contracting Authority’s exercise of its right to suspend the Work under this Section 11.1.2 shall not entitle the Contractor to any adjustment of the Contract Sum, Contract Times, or both.

11.1.2.2 If the Contracting Authority is adjudged to have improperly suspended the Work under this Section 11.1.2, the suspension shall be deemed to have been a suspension under Section 11.1.1.

11.1.3 Upon receipt of notice of suspension under this Section 11.1, the Contractor shall cease Work on the suspended activities and take all necessary or appropriate steps to limit disbursements and minimize respective costs. The Contractor shall furnish a report to the Contracting Authority, within 5 days of receiving the notice of suspension, describing the status of the Work, including, but not limited to, results accomplished, resulting conclusions, and other information as the Contracting Authority may require.

11.1.4 In the event of suspension under this Section 11.1, the Contractor may be entitled to payment of compensation due under the Contract Documents, upon submission of a proper invoice, for the Work performed prior to receipt of notice of suspension, which shall be payable based upon the Schedule of Values.
11.1.5 The Contracting Authority’s right to stop the Work shall not give rise to any duty to exercise the right for the benefit of the Contractor or any other party, and the Contracting Authority’s exercise or failure to exercise the right shall not prejudice any of the Contracting Authority’s other rights.

11.2 Termination for Convenience

11.2.1 The Contracting Authority may, at any time, terminate the Contract in whole or in part for the Owner's convenience and without cause, at any time upon 10 days written notice to the Contractor.

11.2.2 Upon receipt of the notice of termination for convenience, the Contractor shall immediately proceed with performance of the following duties in accordance with instructions from the Contracting Authority:

   11.2.2.1 cease operation as specified in the notice;
   11.2.2.2 place no further orders and enter into no further subcontracts for materials, labor, services, or facilities, except as necessary to complete continued portions of the Project;
   11.2.2.3 terminate all subcontracts and orders to the extent they relate to the Work terminated;
   11.2.2.4 proceed with Work not terminated; and
   11.2.2.5 take actions that may be necessary, or that the Contracting Authority may direct, for the protection and preservation of the terminated Work.

11.2.3 Upon termination, the Contracting Authority shall pay the Contractor in accordance with the Schedule of Values for Work completed, including any retained funds, and the value of materials ordered and delivered, less any salvage credit the Contractor may receive for them.

   11.2.3.1 All materials, equipment, facilities, and supplies at the Site or stored off-site, for which the Contractor has received payment, shall become the property of the Owner.
   11.2.3.2 The Contractor is entitled to a fair and reasonable profit for Work performed and reasonable expenses directly attributable to the termination of the Contract. In no event shall the Contractor be entitled to (1) overhead and profit on Work not performed or (2) compensation in excess of the total Contract Sum.

11.2.4 If the Contracting Authority terminates the Work under this Section 11.2, the termination shall not affect the rights or remedies of the State against the Contractor then existing or which may thereafter accrue.

11.2.5 Notwithstanding Section 11.2.3, if the Contracting Authority terminates the Work under this Section 11.2, but there exists an event of the Contractor’s default, the Contractor shall be entitled to receive only such sums as it would be entitled to receive following the occurrence of an event of default as provided in Section 11.3.

11.3 Termination for Cause

11.3.1 The Contracting Authority may terminate all or a portion of the Contract if the Contractor commits a material breach of the Contract including but not limited to:

   11.3.1.1 failure to prosecute the Work with the necessary force or in a timely manner;
   11.3.1.2 refusal to remedy Defective Work;
   11.3.1.3 failure to supply enough properly skilled workers or proper materials;
   11.3.1.4 failure to properly make payment to Subcontractors or Material SuppliersConsultants;
   11.3.1.5 performance of any services outside of the United States;
   11.3.1.6 permitting its Subcontractors or Consultants to perform any services outside of the United States; or
   11.3.1.7 disregarding laws, ordinances, or rules, regulations, or orders of a public authority with jurisdiction over the Project.
11.3.1.8 Sections 11.3.1.5 and 11.3.1.6 shall not apply to this Project if the Contracting Authority is not a State Cabinet Agency, Board, or Commission.

11.3.2 If the Contracting Authority intends to exercise its termination rights under this Section 11.3, the Contracting Authority shall issue not less than 5 days’ written notice to the Contractor and the Contractor's Surety in accordance with O.R.C. Section 153.17 (“5-Day Notice”).

11.3.3 If the Contractor fails to satisfy the requirements set forth in the 5-Day Notice within 15 days of receipt of the 5-Day Notice, the Contracting Authority may declare the Contractor in default, terminate the Contract, and employ upon the Work the additional force or supply materials or either as appropriate, and remove Defective Work.

11.3.4 If the Contract is terminated, the Contractor's Surety may perform the Contract. If the Contractor's Surety does not commence performance of the Contract within 10 days of the date of Contract termination, the Contracting Authority may complete the Work by means the Contracting Authority determines appropriate. The Contracting Authority may take possession of and use all materials, facilities, and equipment at the Site or stored off-site, for which the State has paid.

11.3.5 If the Contract is terminated, the Contractor shall not be entitled to further payment. If the unpaid balance of the Contract Sum exceeds the costs of finishing the Work, including without limitation the fees and charges of engineers, architects, attorneys, and other professionals and court costs, and other damages incurred by the Owner and not expressly waived, the Contractor or Surety shall immediately pay the amount of the insufficiency to the Owner. This obligation for payment shall survive termination of the Contract.

11.3.6 If the Contractor's Surety performs the Work, the provisions of the Contract Documents govern the Surety's performance, with the Surety in place of the Contractor in all provisions including, but not limited to, provisions for payment for the Work, and provisions of the right of the Contracting Authority to complete the Work.

11.3.7 If the Contracting Authority terminates the Work under this Section 11.3, the termination shall not affect any rights or remedies of the State against the Contractor then existing or which may thereafter accrue. The Contracting Authority’s retention or payment of funds due the Contractor shall not release the Contractor or the Contractor’s Surety from liability for performance of the Work in accordance with the requirements of the Contract Documents.

11.3.8 If the Contracting Authority is adjudged to have improperly terminated the Work under this Section 11.3, the termination will be deemed to have been a termination under Section 11.2.

11.4 Contractor Insolvency

11.4.1 Bankruptcy of Contractor.

11.4.1.1 If the Contractor files a voluntary petition in bankruptcy or has an involuntary petition in bankruptcy filed against it, the Contractor, the Contractor as the debtor-in-possession, or the trustee of the Contractor’s bankruptcy estate shall file a motion to assume or reject the Contract under Bankruptcy Code §365, 11 U.S.C. §365, within 20 days after the filing of the voluntary petition or involuntary petition and shall diligently prosecute that motion to conclusion so as to obtain an order granting or denying that motion within 45 days after the filing of the voluntary or involuntary petition. The failure to file and prosecute that motion within the time frames provided by this Section 11.4 shall constitute a material breach of the Contract as time is of the essence with respect to Contractor’s performance of all terms of this Contract. Contractor agrees to the granting of relief from the automatic stay of the Bankruptcy Code, 11 U.S.C. §362(a), to permit the Contracting Authority to terminate the Contract for cause in such instance and issue and serve all notices necessary to terminate the Contract or arising out of the termination of the Contract and to take any and all other action necessary to terminate the Contract.
11.4.2 Receivership or Assignment for the Benefit of Creditors.

11.4.2.1 If the Contractor makes a general assignment for the benefit of creditors or if a receiver is appointed for all or a substantial part of the Contractor’s business or property, the Contracting Authority shall serve written notice on the Contractor and the Contractor’s Surety stating that any failure of the Contractor to provide adequate assurance of continued performance shall be considered a rejection of the Contract, which shall result in termination of the Contract for cause. Such termination of the Contract need not be evidenced by an order of any court.
