
ABATEMENT ALLOWANCE FOR A BUILDING NOT DEMOLISHED

Subject: Abatement Allowance
Approval: Executive Staff
Code Section/Reference:
Owner: Planning

Policy Number: PL-03
Originally Issued: December 2007
Revised: December 2016; December 2017

APPLIES TO

CFAP, ENP, VFAP, Accelerated Urban Programs, ELPP, and VFAP ELPP

The Commission has determined, as a matter of policy, that project funds allocated for the abatement of a building planned for demolition may contribute toward the funding of abatement in that building should the district elect to not demolish the building. The amount of allowance allocated for demolition may not supplement the abatement project. The abatement allowance for such a project is to be used for abatement of the facility for which it was allocated and not for other discretionary use. Planning to notify Finance at the time of the project agreement so that the proper funding source can be assigned.
