

School Facilities Eligibility Ranking List  
Fiscal Year 2008

In accordance with the Ohio Revised Code, the Ohio Department of Education annually ranks all public school districts within the state based on their adjusted valuation per pupil. The Ohio School Facilities Commission is required by law to offer funding to these districts with the priority based on their listing.. Districts with the lower numbers are considered the least property wealthy and have the highest priority for funding

The following chart contains the individual district rankings for Fiscal Year 2008; what (if any) OSFC programs in which the districts have or are currently participating, and the status of that district's facilities program. The color code for the chart can be found at the end.
