Request for Qualifications (Architect / Engineer)

State of Ohio Standard Forms and Documents

Administration of Project: Ohio Facilities Construction Commission

Project Name	Roof/Skylight/Window Replacement & Granite Façade Repair	Response Deadline	12/4/2018	12:00 pm local time
Project Location	State of Ohio Computer Center	Project Number	DAS-190011	
City / County	Columbus / Franklin	Project Manager	Michael Bielenberg	9
Owner	DAS Office of Properties & Facilities	Contracting Authority	OFCC	
Delivery Method	General Contracting	Prevailing Wages	State	
No. of paper copies requested (stapled, not bound)0		No. of electronic copie	es requested (PDF)	1

Submit the requested number of Statements of Qualifications (Form F110-330) directly to Jill Hoobler at procurement@ofcc.ohio.gov. See Section J of this RFQ for additional submittal instructions.

Submit all questions regarding this RFQ in writing to procurement@ofcc.ohio.gov with the project number included in the subject line (no phone calls please). Questions will be answered and posted to the Opportunities page on the OFCC website at http://ofcc.ohio.gov on a regular basis until one week before the response deadline. The name of the party submitting a question will not be included on the Q&A document.

Project Overview

A. Project Description

Provide professional engineering services to replace the roof, skylight, exterior windows and caulking and repair of the façade.

- 1. The existing roof structure was installed in 1995 with a life expectancy of 25 years. A thorough inspection was conducted in April 2016 which concluded the roof should be replaced in 2018. Roof replacement should include any necessary replacements of galvanized roof decking during demolition.
- 2. The atrium skylight glass panels and gaskets require replacement due to failed seals.
- 3. An extensive number of the existing exterior window unit seals have failed due to age. Design should replace these windows with upgraded windows or solid panels.
- 4. A professional assessment was conducted in early 2018 which revealed that the exterior granite façade is showing signs of failure. Multiple panels require anchor replacement and/or a new stabilization anchor design to remedy panels as necessary.
- 5. The entire exterior facade weather seal system requires new caulking, weeps and vents. Repairs to include ground-level benches and granite landscaping features.

B. Scope of Services

For projects advertised with an appropriately developed Program of Requirements (POR), upon award of the Agreement, commence with Design. For projects without such a POR, upon award of the Agreement, commence by developing the Program of Requirements.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at http://ofcc.ohio.gov.

During the construction period, provide not less than 4 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site

Request for Qualifications (Architect / Engineer) continued

representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

D. Anticipated Schedule

- 1. Project Delivery Method (MP, GC, CMR, DB)
- 2. Role on Project (AOR, Criteria A/E, A/E, Consultant)
- 3. Ohio Capital Improvement Process (State of Ohio Contracts / OAKS-CI)
- 4. Roof Replacement

C. Estimated Budget / Funding

- 5. Facility Envelope Evaluation & Repair w/ Problematic Access
- 6. Exterior Panel System Repair
- Window Repair & Replacement w/ controlled interior conditioned environment
- 7. Window Repair & Replacement w/ controlled interior conditioned envil8. Remediation of stone cladding system failures on a low rise building.

Evaluation Criteria for Selection

Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.

NOTE: The lead A/E shall be (1) an architect registered pursuant to ORC Chapter 4703, (2) a landscape architect registered pursuant to ORC

Previous experience compatible with the proposed project (e.g., type, size).

Chapter 4703, or a (3) professional engineer or (4) professional surveyor licensed pursuant to ORC Chapter 4733.

- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.

Request for Qualifications (Architect / Engineer) continued

- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Specification writing credentials and experience.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at http://ofcc.ohio.gov. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

For all Statements of Qualifications, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

J. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at http://ofcc.ohio.gov.

Electronic submittals should be combined into <u>one</u> PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Also, please insert the project number and firm name followed by "SOQ" in the email subject line.

Statements of Qualifications must be submitted electronically by email. Submittals are limited to one email with a maximum file size of 25 MB.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
