Below are the questions that have been received to date for the RFQ of the above-referenced project:

1. May the Ice Rink Refrigeration engineering consultant be viewed as an Design-Assist firm which will allow them to also perform construction work on the project? This would be similar to the D/B or CMR project delivery systems.
 - A. This would be viewed as Delegated Design. There is language in the General Conditions referencing this.
6.20.4.1. If required by the Contract Documents or Applicable Law, the Contractor shall have Shop Drawings or other submittals prepared by Persons possessing expertise and experience in an appropriate trade or profession or by a registered architect, professional engineer, or other professional.

2. Is the intent of the project to replace the rink floor, or just the ice plant equipment?
 - A. The intent of the project is not to replace the ice rink floor.
