Project Overview

A. Project Description

The Charles J. Ping Recreation Center Roof Replacement will include replacement of the flat roof, evaluations and potential replacements of the skylights, parapets, and roof drains.

The Ping Recreation Center is a 168,000 square foot recreation facility that opened in 1996. The Ping Student Center is a recreational center that has a climbing wall, five gymnasiums for basketball and volleyball, two multipurpose gymnasiums for floor hockey, soccer, and other activities, eight courts for racquetball and walleyball, a four-lane walking and jogging track, cardiovascular workout equipment, cybex resistance equipment, aerobics, weight training and martial arts rooms, locker rooms and a television lounge. The center is open to students, faculty and staff. The Ping Student Center is located on the north bank of the Hocking River, at coordinates G-7 and H-7 on the campus map. It is marked as # 140 on the map. The center is fully accessible and equipment is adaptable for individuals with disabilities or special needs.

B. Scope of Services

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

During the construction period, provide not less than 8 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

The selected AE will provide the following services to the University:

The project services will commence with Program Verification, Schematic Design, and verification of anticipated construction costs. Upon completion of this phase, the University will authorize procedure into Design Development, Construction Documents, Bidding, Conformed Documents and Construction Phase services pending verification of adequate funding availability.
