The name of the party submitting a question will not be included on the Q&A document.

Project Overview

A. Project Description

The Ohio State University Wexner Medical Center is requesting qualifications from interested Criteria A/E firms to review and provide a detailed criteria narrative to replace Air Handling Unit #4 at OSU East Hospital. This unit serves multiple floors/areas throughout the tower. A temporary unit will need to be utilized during construction to ensure all spaces this unit serves continues to have service during construction. The detailed narrative will need to include cost estimates, site logistics plans, detailed demolition plans and a review of the existing information that has been created for this AHU replacement.

B. Scope of Services

This project is currently only funded for Criteria AE services. The university will evaluate if this project moves into construction once the criteria narrative has been completed and reviewed by the OSUWMC team.

The selected firm will be required to hire the Test and Balancing Consultant to perform a preconstruction air and water balance to confirm the units existing conditions and the post construction air and water balance.

Pursuant to ORC 153.694, professional design firms selected to provide C-A/E services shall not provide any A/E of Record services for the project for which the professional design firm was selected as the C-A/E.

The project shall follow the applicable University Sustainability Standards. https://fod.osu.edu/sites/default/files/div_18.pdf.

For projects advertised with an appropriately developed Program of Requirements ("POR"), upon award of the Agreement, commence with Design. For projects without such a POR, upon award of the Agreement, commence by developing the Program of Requirements.

The selected Criteria Architect/Engineer ("C-A/E"), as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner/Contracting Authority, the cost breakdown of the Architect/Engineer Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Growth, Diversity & Equity ("EDGE") Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Concept and Design Criteria, Best Value Selection, Preconstruction, Construction and Closeout, and Additional Services of all types including Schematic Design and Design Development if a Design-Builder is not engaged to perform these services.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <http://ofcc.ohio.gov>.

Request for Qualifications (Criteria Architect/Engineer) continued

The project team (Owner / C-A/E / DB) will be required to utilize e-Builder, the University's Project Management System, for all compatible services required by the University.

The Ohio State University is dedicated to providing a safe and healthy environment for students, patients, staff, visitors and contractors. While not exclusive, guidelines governing safety expectations for construction/ renovation projects within Ohio State buildings are set forth in the Building Design Standards Appendix V and are summarized here: <https://fod.osu.edu/resources>, under the section titled "Construction Site Safety Requirements."

During the construction period, provide not less than 2 hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

For purposes of completing the Relevant Project Experience Matrix in Section F of the Statement of Qualifications (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

1. Experience updating outdated mechanical systems within an active hospital.
2. Experience creating phasing and logistic plans for renovations.
3. Experience with State or University administered projects.
4. Experience as a Criteria AE on state administered Design Build projects.

For the purpose of the selection of 10 Relevant Projects in Section F of the Statement of Qualification (Form F110-330), projects must be designed by the Lead Firm.

C. Funding / Estimated Budget

Total Project Cost	<u>\$1,452,800.00</u>	State Funding	<u>\$0.00</u>
Construction Cost	<u>\$1,119,100.00</u>	Other Funding	<u>\$1,452,800.00</u>
Estimated C-A/E Fee	<u>2.36% to 4.36%</u>		

NOTE: The C-A/E fee for this project includes all professional design services, and consultant services necessary for proper completion of the C-A/E Basic Services for the successful completion of the project, including but not limited to: preparation / review and verification of the Program of Requirements, validation of existing site conditions (but not subsurface or hidden conditions), preparation of cost estimates and design schedules for the project. Fees may be negotiated and allocated for Additional Services (e.g., creation of a Program of Requirements, extensive evaluation or validation of site conditions, extensive pre-design investigations, code-required special inspection and testing, Quality Assurance testing during the construction period, and testing due to unforeseen conditions).

G. Evaluation Criteria for Selection

- Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.
- Previous experience compatible with the proposed project (e.g., type, size).
- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.

- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants. Specification writing credentials and experience.
- Design quality and demonstrated ability of prospective firm and its proposed consultants to provide design services which represent the University's *Design Guidelines for Buildings and Landscape* [buildings-landscape.pdf](#)
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.

Interested C-A/E firms are required to submit the Commitment to Participate in the EDGE Business Assistance Program form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the C-A/E's team. The Intent to Contract and to Perform and / or waiver request letter and Demonstration of Good Faith Effort form(s) with complete documentation must be attached to the C-A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <http://ofcc.ohio.gov>. The Intent to Contract and to Perform form is again required at the Fee Proposal stage.

The **EDGE Participation Statement of Intent to Contract and Perform** from Section H. Additional Information must also be submitted. Please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

H. Submittal Instructions

Firms are required to submit the current version of Statement of Qualifications (Form F110-330) available via the OFCC website at <http://ofcc.ohio.gov>.

Electronic submittals should be combined into one PDF file saved with the form name, project number listed on the RFQ and your firm's name (ex. F110-330_OSU-nnnnnn_Firm Name). Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer.

Statements of Qualifications must be submitted electronically by email. Submittals are limited to one email with a maximum file size of 25 MB.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
